MATERIAL DEBT
TRANSACTION
APPROVAL
REQUEST
(G.1.)

Todd Allen, Kansas Racing and Gaming Commission financial investigator, presented the staff agenda memorandum regarding the Kansas Crossing Casino material debt transaction approval request. Mr. Allen recommended that the commission approve the material debt transaction.

Kevin Fowler, attorney with Frieden & Forbes, representing Peninsula Pacific Entertainment Development, the parent company of the facility manager for Kansas Crossing Casino, further explained the transaction approval request. Dustin Manternach, Chief Financial Officer for Peninsula Pacific Entertainment Development, LLC, assisted with the presentation and questions.

Commissioner Haag asked what kind of debt-service ratio the facility would have after this transaction. Mr. Manternach responded that on a pro forma basis once everything gets opened, about 4.4 times.

Chairman Moses asked for elaboration on why the transaction needs completed so quickly and what, if any, negatives the transaction could present. Mr. Manternach explained that the reason for moving quickly is due to multiple factors; the Manchester development is coming together really well, the performance in Kansas and New Hampshire over the last six months, and the financial markets themselves. There is a sense that if the transaction can be completed ahead of schedule it would allow the property to open sooner and generate more revenue. Regarding any negative, it would be the general risk of adding debt to any development.

Chairman Moses asked if the Manchester venture were to fail, what impact would that have on Kansas. Mr. Manternach responded that there are several other properties than Manchester and that in the event the venture failed, they would still be able to meet their debt service requirements.

Commissioner Haag asked if this transaction has to be approved by commissions in the other states where Peninsula Pacific Entertainment Development operates. Mr. Manternach confirmed that in Iowa they must get approval from the state's commission, which was obtained last week, and in New Hampshire they must only notify the commission of the transaction.

Commissioner Turnquist asked Financial Investigator Todd Allen if there was anything else he would like to add. Mr. Allen said that he believes that Peninsula Pacific Entertainment Development is a good company, they have been growing business for a long time, and that the growth of the business can help with other things, economies of scale. Over their many years, they have never had a default. Mr. Allen said that he feels that while they may be a little higher leveraged than where you would want a typical company to be, as a growing company they are well within an acceptable range. The credit agreement also sets up for minimal pay-back. At the end of the seven years, they will have to determine what they want to do in regard to refinancing. It is a good time to go after it and try to grow the company.

Commissioner Haag asked how long until Peninsula Pacific Entertainment Development reaches stabilization. Mr. Manternach said that Cedar Rapids will open in December, and they anticipate stabilization in three years, typically discount at 10% in those first years. Manchester is scheduled to open in mid-2028 and anticipate that it will ramp up quickly as the facility is already open and an existing database.

MOTION FOR
APPROVAL OF

Commissioner Turnquist noted that the commission has considered the Kansas Crossing Casino material debt transaction and believes the transaction would not

deprive the facility manager of financial stability, nor would it adversely affect the financial condition of the Kansas Crossing Casino or negatively impact or cause default on Kansas Crossing Casino, or the gaming facility manager. Commissioner Turnquist (Fleming) moved to approve the Kansas Crossing Casino material debt transaction.

Motion to approve the material debt transaction request carried 5-0

STAFF REPORTS
(I.1)

James Bain, General Counsel, reported on both the Voluntary Exclusion Program and Sports Wagering Exclusion Program statistics for the month of February 2026.

Government Relations Manager Randy Evans reported:

- The bill amending the Kansas Indoor Clean Air Act continues to have no movement. No hearings have been held on this legislation.
- The bill that changes when a slot machine is considered an antique has had one hearing. The introducer of the bill testified, there were no questions from legislators. The change would make any slot machine previously manufactured fifty years or later an antique. Current law only considers machines manufactured prior to 1950 as antiques.
 - Chairman Moses asked General Counsel Bain if the passage of this legislation would have an impact on KRGC. General Counsel Bain responded that it would not.
 - Commissioner Turnquist asked what the current provision is regarding the number or years, or if it is just a date. Mr. Evans explained that currently it is a set year, 1950, and that the new legislation would include any machine manufactured over 50 years ago. Chairman Moses asked if manufacture dates are somehow affixed to the machine. Mr. Evans explained that the machines have a placard listing the manufacture date. Chairman Moses asked if that is easily manipulated. Mr. Evans responded that it may be. Mr. Evans clarified that regardless of the machine's age, it cannot be used for gambling. Commissioner Fleming asked who is seeking the amendment. Mr. Evans responded that it is Senator Blew and further explained that Senator Blew testified that she was introducing the bill on behalf of local law enforcement. Many estate sales were selling antique slot machines and the sheriff questioned whether that was illegal. Chairman Moses asked if the machines could still be used for gambling. Mr. Evans responded that it would be illegal gambling and further explained that current law makes possessing those machines a crime. Chairman Moses asked that if the bill passed then using these machines to gamble would still be a crime

but to have them as décor would be legal. Mr. Evans confirmed that was accurate. Commissioner Turnquist asked if the bill had moved out of committee. Mr. Evans responded that it has not.

- SB 516, regarding the grey machines and entertainment venues, has not had a hearing.
- HB2791, regarding a 3% excise tax on every sports wager that would be allocated to either a school district fund or a fund to lower the mill levy statewide, has not had a hearing. Commissioner Fleming asked who introduced the bill. Mr. Evans responded that it was Representative Awerkamp.
- SB502, regarding the ratification of the sports wagering regulations, has passed the Senate, 39-0, and it was introduced into the House earlier in the week. Yesterday a hearing was scheduled for Monday in the House Federal and State Affairs Committee. Chairman Moses asked if the Senate's vote was unanimous or if there was an abstention. Mr. Evans explained that a senator was absent from the vote. Commissioner Fleming asked if the legislature is still looking to adjourn on, or around, April 1st. Mr. Evans responded that he believes it will be a little later than that. Commissioner Fleming asked Mr. Evans if he believes that SB502 will be able to make it out of committee and be passed before the end of session. Mr. Evans said that he believed it would.

Director of Gambling DJ Lopez reported:

- Gilley's continues to move in the right direction. KRGC staff continues to work with Gilley's staff with regard to policy and procedures. KRGC staff has a status meeting tentatively scheduled for the week of March 23rd.
 - Commissioner Turnquist asked how the situation with the open floor to the gaming machines is going. Director Lopez responded that KRGC continues to monitor that. There are situations where individuals get on the floor, however Gilley's has taken a proactive approach to making sure that is not occurring. Recently, there was a situation regarding individuals who only spoke Spanish only. In response, Gilley's is recording their loudspeaker message that individuals under 21 years of age cannot be on the gaming floor in Spanish.
- No update regarding track work at Eureka Downs. The Greenwood County Fair Association chose to hold off on track work through the winter months. Track surface work is set to be sometime in March.
- Eureka Downs General Manager Michael Weiss indicated that things are progressing as scheduled and that he is reviewing contracts for operational services such as tote systems, photo-finish, and other logistical necessities with the eventual submission of the contracts to the Greenwood County Fair Association for approval.

- KRGC staff also is working on timelines and an operational plan. To address KRGC's logistical needs, the agency will request procurement for veterinary services, test lab services, stewards, and other needs. As of this morning, KRGC has received the application from Greenwood County Fair Association board members and General Manager Michael Weiss. Included in that application is a budget for capital improvements, short- and long-term goals, as well as operational costs to run those races. Staff will begin the review process as soon as possible.
- Eureka Downs is still shooting for a third-quarter 11-day race meet. KRGC stands ready to regulate that whenever Greenwood County Fair Association and Eureka Downs are ready to race. The Greenwood County Fair Association has a meeting this coming Monday at 6pm and Director Lopez will be in attendance to answer any questions on behalf of KRGC.
 - Chairman Moses asked what KRGC onsite staffing going to look like and can that be absorbed or will it increase costs. Director Lopez responded that KRGC is currently reviewing this logistically, but that KRGC will not have any additional staffing needs and will work within the current staffing parameters. Chairman Moses asked if that would spread other locations thinner. Director Lopez said that it would not and the schedules would be reviewed to ensure that they are staffed as needed. Director Lopez said that he anticipates primarily using Topeka staff.
- Over the past two months, Director Lopez attended the board meetings of both the Kansas Quarter Horse and Kansas Thoroughbred Associations. It was a great educational and networking experience.
- Kansas-bred registrations are at 243.
 - Commissioner Jones asked if the breed registry was still mostly quarter horses. Director Lopez said he would have to review the data and follow-up.
 - Commissioner Turnquist asked how much of an increase there has been. Director Lopez responded that six months ago there were about 50 horses registered and now it is just below 250 with several applications still in queue. Director Lopez said that he expects that number to continue to rise as live racing returns.
- Last month Executive Director Brownlee briefed commissioners on a criminal indictment on a former Kansas Star employee by the name Quah Kevin Lam. This investigation was conducted by the KRGC's criminal investigation unit in conjunction with the Attorney General's Office. Yesterday, Mr. Lam had a bond hearing in Sumner County, and it is now set for status conference.
 - Chairman Moses asked how much the bond was set at. Director Lopez responded that it was \$25,000. Chairman Moses asked if professional surety was required. Director Lopez confirmed it was.

Director of Administration, Audit, and Finance Brandi White reported:

- Last month after KRGC expenditures and obligations, the agency made a transfer of HHR revenue funds. The transfer was approximately \$124,000.00. About \$36,000.00 went to Horse Breeding Development fund, about \$86,000.00 went to the Horse Fair Benefit fund, about \$1,700 to the State Gaming Benefit fund. Director White anticipates that there will be a transfer for March, but KRGC is still working with the other agencies to get a consensus on exactly what that transfer will be.
 - Commissioner Turnquist asked why the transfer is an approximation. Director White explained that she did not include the small dollar amounts.

Executive Director Brownlee reported:

- Expressed his gratitude to staff members James Bain and Randy Evans for their work on the sports wagering regulation bill. That has been out there for a while and has been on hold for well over a year because of the recent law that legislators have to ratify regulations before they can be put in place. Although that legislation was passed, nobody really understood how that was going to take place. KRGC was the first agency to put this new requirement into play. James and Randy were instrumental in getting that put together and working with legislative leadership to develop the process that is going to take to get those approvals.
- Also recognized Director of Gambling DJ Lopez, he was asked again to represent gaming regulators at this year's Seton Hall Law School Gaming Conference. This is the second year he has presented at that conference. Obviously, they think he is doing a good job and recognize what a gem we have here in Kansas.
- The next meeting is scheduled for April 17th at 10:00 a.m. here in Topeka at the Eisenhower State Office Building.

III. ILLEGAL GAMBLING

The Kansas Racing and Gaming Commission (KRG) provides resources and assistance to local law enforcement, prosecutors, and the public on illegal gambling questions, education, and complaints. The KRG responds to email and phone complaints and inquiries, conducts continuing legal education seminars for prosecutors, assists local law enforcement agencies with illegal gambling investigations, and conducts civil seizures of illegal gambling devices for forfeiture, all in an effort to curtail illegal gambling in bars, restaurants, convenience stores, and other venues throughout Kansas.

Since 2008, the Commission has received 2,821 total illegal gambling-related questions or complaints from the general public. During the first quarter (Q-1) of 2026, the Commission received twenty-seven (27) calls and emails from the general public, down eight (8) from the previous quarter and up three (3) from the first quarter of 2025.

Of the twenty-seven (27) calls and emails received in Q-1, twenty-three (23) involved slot machines; three (3) involved poker; one (1) involved raffles.

Breakdown of illegal gambling inquiries and complaints to-date:

The above chart does not reflect calls and activity related to the following:

- Reports made to KRGC agents by other law enforcement officers around the state.
- Discussions with local law enforcement and district and county attorneys regarding the legal aspects of illegal gambling and the services that KRGC can provide.
- Time spent by agents and legal counsel to assist in active local investigations and prosecutions.
- Time spent defending gambling-related actions against the agency.
- Time spent pursuing seizures and forfeitures of illegal gambling devices.
- Inquiries from the public that are answered through access to KRGC’s Illegal Gambling Frequently Asked Questions (FAQs) web page.

KRGC updated the Illegal Gambling FAQs portion of the webpage in late January 2014. Since KRGC began tracking the new page, there have been a total of 31,402 unique page views (after adjustments). A total of 818 unique page views were made during the first quarter of 2026, down 113 from the previous quarter (adjusted) and down 333 from the first quarter of 2025 (adjusted).
