- Chairman Moses asked if FanDuel is the same entity that was recently in the news regarding major league baseball broadcasts. General Manager Kuplen said that she was unfamiliar with the news story. Commissioner Jones stated that it is the same entity, but the story regards FanDuel’s network and not their gambling products.
- Chairman Moses asked if the change in the retail sportsbook affects any of the facility’s employees. General Manager Kuplen explained that it does not as only the general manager of the retail sportsbook was an employee of FanDuel. Chairman Moses asked if the retail sportsbook general manager would be leaving. General Manager Kuplen explained that he was offered a position with Boyd Gaming but chose to stay with FanDuel.
- Semi-Annual Responsible Gambling Report

HISTORICAL HORSE
RACING FACILITY
LICENSEE
REPORTS/ITEMS;
GILLEY'S (E.5.a.)

Chairman Moses thanked Jason Watkins and Jeff Longwell for all their work getting the facility to this point

Tim Merrill, General Manager, reported:

- He grew up in Kansas outside of Topeka, went to Washburn, left for about twenty-five years, worked all over the world in gaming, then got the opportunity to come back in 2023 and build this fabulous facility for Phil Ruffin.
- Thanked staff, including Don, DJ, Brandi, Rick, Roger, and Dennis, for their efforts to help get the facility open on a truncated timeline.
- Highlighted facility staff: Executive Director of Compliance and Administration Dawn and Assistant General Manager Shane.
- The facility opened about thirty days ago.
- During the month of December:
 - 67,480 guests were welcomed onto the property.
 - The gaming handle generally met expectations for the first two weeks.
 - The food and beverage did really well, served 45,000 guests.

- The arcade exceeded expectations with just over 1million credits being used in a two-week period.
- The honky-tonk has been a hit; the facility is at capacity every weekend. Featured artists include Locash and Aaron Tippin. Upcoming artists include Drew Baldrige, Jackson Taylor, Jerrod Niemann in late January or early February, as well as Black Hawk next weekend.
- This month there are hot seats on Mondays and Wednesdays, double points on Thursdays. Direct mailing starts in February and there were 17,000 people that signed up in the first two weeks. Next month, hot seats are continued on Mondays and Wednesdays, double points on Thursdays, and drawings on Saturday afternoon.
- The facility is open to minors. During the time when there were over 67,000 guests, there were eleven minors on the gaming floor and four minors who had gambled. In instances where minors gambled, KRGC was contacted.
- Chairman Moses asked that General Manager Merrill briefly describe the layout of the facility. General Manager Merrill explained that they refitted the old greyhound track and added about 70,000sqft of usable space. The commission meeting occurred within the Gilley's honky-tonk, next to that is the BBQ restaurant, then you exit onto the gaming floor, there is Trading Post which is the facility's 24-hour snack bar on the first floor, as well as two bars. The second floor is the simulcast facility where live horse racing is offered. On the third floor is the sports bar, Golden Circle, which is concept that exists in Las Vegas as well as Park City. Attached to that is the arcade that includes axe throwing, golf simulators, crane games, traditional arcade games, and bowling. Chairman Moses asked if the area on the second floor, after you exit the escalator, where the crane machines are located was a part of the arcade. General Manager Merrill confirmed that it is part of the arcade, further explaining that the area used to be the top-tier of the old dog racing dining area.
- Commissioner Turnquist asked if there are many patrons who ride the electric bull. General Manager Merrill said that there are about 90 to 100 patrons who ride a night on Thursdays through Saturdays. Commissioner Turnquist asked if there had been any injuries. General Manager Merrill said that there was one sprained ankle. Chairman Moses asked if the patrons are required to sign a waiver before riding. General Manager Merrill confirmed that they do.

Chairman Moses asked Jeff Longwell, chair of GC Charities, if he would like to speak to the commission. Mr. Longwell introduced Bill Shea, a longtime employee of Ruffin and previously the Vice President of Ruffin's enterprise, as a current member of the charity board. Mr. Longwell noted that the board is lucky to have Mr. Shea as a member, as he is the only member with full knowledge of the gaming industry. Mr. Longwell provided a brief background for himself, he is the former mayor of Wichita, has served in local politics for twenty-five years. Mr. Longwell explained that the charity is still working through issues and that there is not much money in the charitable kitty yet and that the board does not expect to have a lot. Obviously, the facility has a lot of

expenses they have to go through before they can deposit money into the charity arm. Mr. Longwell noted that there are some funds coming in, there are sponsorship monies that will be coming to the board, the board is reviewing the possibility of receiving donated odd cents leftover on historical horse racing machines and discussing holding events that could raise money. Chairman Moses asked when the board believes they can make their first charitable contributions. Mr. Longwell responded that the board does not know at this time. Commissioner Turnquist asked who the members of the board are. Mr. Longwell explained that the board members are Terry Newman, longtime pizza guy, Maria Ruiz-Heimerman, a lieutenant with the Wichita Police Department, and Tony Porter, a former CIA employee. Chairman Moses said that he wanted to give Mr. Longwell a heads-up that he is going to discuss with the KRGC Executive Director if the charity arm needs to be added to the regular agenda.

STAFF REPORTS
(I.1. and I.2.)

Garrett Rogers, Paralegal, reported on both the Voluntary Exclusion Program and Sports Wagering Exclusion Program statistics for the months of December 2025 and the 2025 fourth-quarter illegal gambling report.

- Chairman Moses asked if Gilley's, being under a different framework of laws than the lottery gaming facilities, was any different from the lottery gaming facilities in regard to the Voluntary Exclusion Program (VEP). Mr. Rogers explained that the Voluntary Exclusion Program is guided by the Kansas Expanded Lottery Act (KELA), the same laws that guide the lottery gaming facilities. While Gilley's is guided by the Kansas Parimutuel Racing Act (KPRA) which does not have voluntary exclusion program requirements. As a result, Gilley's will not participate in the voluntary exclusion program unlike the lottery gaming facilities. Chairman Moses asked, without extending an invitation to those on the VEP list, if current enrollees in the voluntary exclusion program could enter Gilley's and play the machines. Mr. Rogers confirmed that was accurate. Executive Director Brownlee

confirmed that Mr. Rogers description was accurate but in addition to that Gilley's will do their own voluntary exclusion program, which is underway, even though statute does not require it. Chairman Moses noted that General Manager Merrill had made comments from the audience relevant to Executive Director Brownlee's statement and that those comments were that Gilley's has an exclusion program in place and is effective because they are identifying people who should not be on the floor. Chairman Moses thanked General Manager Merrill for Gilley's voluntary participation in an exclusion program. Commissioner Haag asked if Gilley's program looks at the list of people who are already in the KRGC exclusion program. Mr. Rogers said no because Gilley's does not receive the self-exclusion data.

Director of Gambling DJ Lopez reported:

- As you have heard from Mr. Merrill, the opening went great, and Gilley's was well received with large crowds of patrons visiting over the holidays.
- HHR Terminals are stable and operating very well.
- Simulcast has seen a lot of patrons making pari-mutuel wagers at contracted offtrack betting sites/tracks.
- Barcade has seen a lot of traffic.
- KRGC staff continue to work through the 300 + occupational disclosures and background investigations, including our regulatory oversight at the facility.
- Recognized and thanked the KRGC staff for their tireless work over the last few months. Specifically recognized, since he wasn't at last month's commission meeting, KRGC Director of Operations Rick Wilson, for organizing and facilitating this whole project from the beginning to the opening. Without Rick being the boots on the ground point of contact/organizer none of this would have been possible. Rick has been living out of a suitcase and away from his family for several months
- We continue to educate, work with and learn from Mr. Merrill and his team with regard to policies and procedures. We will continue to collaborate with Tim and his team to make sure patrons have a great experience and to maintain the integrity of pari-mutuel wagering.
- Chairman Moses noted that while watching a friend play a historical horse racing machine, he was able to see horses run across a screen.
- Regarding Eureka Downs there is still not much to report. GM Michael Weiss indicated things are progressing within the timeline and planning with track surface work to begin sometime in March just depending on weather conditions with safety being the #1 priority for everyone involved. Mr. Weiss advised track work, barring no weather issues or

any other issues, should take about six weeks to complete. Once track work is completed then safety rails can start to be installed.

- If you remember from last month's meeting a number of Kansas industry stakeholders including Michael Weiss attended the University of Arizona Annual Racing Symposium. Mr. Weiss advised he had productive meetings with companies that help facilitate live parimutuel racing that he hopes to utilize at Eureka Downs. These companies provide services like tote systems, photo finish, and different types of software, among numerous other logistical necessities.
- Mr. Weiss and Greenwood County Fair Association have their own logistical priorities so does the Kansas Racing and Gaming Commission, now that Gilley's is operational, staff will now shift some focus from HHR to our logistical priorities for live parimutuel horse racing.
- Mr. Weiss informed me and is very excited that the University of Arizona has established a curriculum for a Eureka Downs Based Class. Assignments include Budget Forecasting, Pari-Mutuels Simulcast Schedule, Big Event Planning – Opening Day, food and beverage. Each assignment will require extensive research, program development, tabletop/mock scenarios with final findings and report/essay writing. This is very exciting because not only are they using Eureka Downs for this curriculum but some of this research could be utilized for planning and implementation for operations at Eureka Downs.
 - Chairman Moses asked if Director Lopez knew if any efforts have been made to invite Pittsburg State University and Wichita State University to offer a similar curriculum. Director Lopez explained that the University of Arizona specializes in racing and live racing and that this class was not the result of external forces but that something University of Arizona created.
- Greenwood County Fair Association is putting the final touches on their County Fair Application which will be discussed at their upcoming Shareholders/Board Meeting the 1st week of February.
- The breed registry has grown to 236 registrations.
 - Chairman Moses asked if the registration increased the workload expectations for staff. Director Lopez explained that Garrett Rogers handles registrations and that the increase in registrations has meant an increase in workload. Chairman Moses encouraged Mr. Rogers to inform Director Lopez know when his plate is full. Director Lopez confirmed that KRGC would ensure the registrations are not overly burdensome.

Executive Director Brownlee reported:

- Joined Chairman Moses and staff in thanking General Manager Merrill for setting up this meeting.

- Explained that Gilley's will have a KRGC supervising agent, seven enforcement agents, a licensing officer, and an auditor. Supervising Agent for Gilley's is Aaron Harvey; he reports to Director Wilson and has responsibility for the enforcement agents here and the licensing officer. Present were Enforcement Agents Sydney Schreffler, Patrick Lambert, Buddy Townes, Licensing Officer Alexis Hardin, and Auditor Noland Keahey is responsible for following the money to ensure the state gets its due share and he reports to Director White.
- The legislature started on Monday. The KRGC is not aware of any new bills that are relevant to the agency. Keep in mind that this is a holdover session, so all bills from the previous session that did not receive final action are active. Government Relations Manager Randy Evans will begin reporting next month. KRGC had a budget hearing yesterday which Director White and Government Relations Manager Randy Evans attended. That hearing was in House Committee on General Government Budget. They are working on the KRGC budget this morning in that committee and the results are forthcoming. KRGC also has a hearing scheduled on the Senate side for January 21st.
- KRGC intends to add a staff report from Director White so commissioners can be informed on HHR revenue transfers.
- Director Bachman has been coordinating the redesign of the agency website to bring KRGC into better compliance with web content accessibility guidelines. The website just became active this week. Some issues with a few links are being worked out. The IT team is also working on an automatic transfer from the old website to the new.
 - Chairman Moses noted that the commissioner profile link was not working properly this morning. Director Bachman explained that was one of the links experiencing an issue and once resolved it would function as it had previously.
- The next commission meeting is scheduled for February 13, 2026, in Topeka at 10:00am.

MOTION, EXECUTIVE
SESSION;
CONFIDENTIAL
BACKGROUND
REPORTS
(J.1.)

Commissioner Haag (Turnquist) moved that the Commission go into executive session for the purpose of reviewing confidential background reports presented today by the commission's security division. In addition to the commissioners, the confidential background reports portion included the executive director, general counsel, and director of security, licensing, and backgrounds. The total time for the executive session was anticipated to be forty-five (45) minutes until 11:00 a.m. No action is to be taken in executive session, and the subjects discussed are to be limited as previously described. A full record of this motion is to be maintained as part of the permanent record of the Kansas Racing and Gaming Commission. At the conclusion of the executive session, the meeting is to be continued in open session. The motion carried 5-0, and the meeting was adjourned to executive session at 11:45 a.m.

STAFF AGENDA MEMORANDUM

DATE OF MEETING: February 13, 2026

AGENDA ITEM: **Commission Discussion/Action on Requested Waiver to Amend KAR 112-110 Technical Standards, specifically 112-110-1 Adoption by reference**

PRESENTER: Roger Bailey, Director of Electronic Security, Licensing and Backgrounds

ISSUE SUMMARY: In 2007, KRGC adopted Gaming Lab International Standard GLI-12 Version: 2.0 Progressive Gaming Devices in Casinos. Since then, progressive jackpot offerings on Electronic Gaming Machines (EGMs [slot machines]) have evolved from a single level progressive to many variations. Lab testing procedures for simplistic progressive models have evolved into complex, math model verifications to include variable return to player (RTP) percentages, dynamic contribution rates, external progressive controllers, and the list continues to grow.

Gaming Labs International (GLI) consistently interacts with the industry to keep abreast of ever-changing technology, hardware, software and all things in the gaming sector. GLI updates standards to address current and future technology. KRGC contracts with GLI as an Independent Test Lab (ITL) to verify not only functionality of machines and software but to evaluate mathematical models provided by vendors to ensure accuracy and then produces certification letters to KRGC.

GLI has recommended to the regulatory agencies to adopt GLI-12 Version: 3.0. The upgraded testing version will allow the lab to test more vigorously each of the progressive jackpot variations, verify vendor math models, and provide confidence to the accuracy of wagers appropriately being allocated to those progressive set ups.

COMMISSION ACTION REQUIRED/REQUESTED: Commission discussion, consideration and vote to approve.

STAFF RECOMMENDATIONS: Staff recommends approval.
