The Commission conducts executive sessions in accordance with the Kansas Open Meetings Act and all discussions are limited to the specified purposes listed in K.S.A. 75-4319. The Commission utilizes executive sessions to consult with the Commission's attorney on confidential legal matters, to discuss confidential personnel matters, to protect the confidentiality of necessarily closed information including licensee background reports, and to protect the integrity of gaming information and the confidentiality of lottery gaming facility manager finances.

The following items will be discussed during the executive session:

1. Attorney/Client Privilege

J. PUBLIC COMMENTS

K. EXECUTIVE SESSION

The Commission conducts executive sessions in accordance with the Kansas Open Meetings Act and all discussions are limited to the specified purposes listed in K.S.A. 75-4319. The Commission utilizes executive sessions to consult with the Commission's attorney on confidential legal matters, to discuss confidential personnel matters, to protect the confidentiality of necessarily closed information including licensee background reports, and to protect the integrity of gaming information and the confidentiality of lottery gaming facility manager finances.

The following items will be discussed during the executive session:

1. Background Reports

L. OTHER BUSINESS/FURTHER COMMISSION ACTION

1. Consideration of proposed gaming licenses and renewals

M. ADJOURNMENT

KANSAS RACING AND GAMING COMMISSION

MINUTES – OCTOBER 16, 2026

CALL TO ORDER (A.)	Chairman David Moses called the October 16, 2026, meeting to order at 10:00 a.m. The meeting was held at the Eisenhower State Office Building in Topeka, Kansas. Notice of this meeting was given to the public via the KRGC and Public Square websites and the agency's social media pages. Commissioners Larry Turnquist, Mike Fleming, and Natalie Haag were also present. Chairman Moses noted that Commissioner Jones had a scheduling conflict and was unable to attend. Others present included Interim Executive Director DJ Lopez, General Counsel James Bain, Director of Casino Operations Rick Wilson, Director of Security Roger Bailey, Government Relations Manager Randy Evans, Director of Administration, Audit, and Finance Brandi White, and other staff. Chairman Moses congratulated Commissioner Fleming and his family for recently being honored as the legacy family of the year. Chairman Moses recognized Director of Security Roger Bailey for his years of service to the State of Kansas and the KRGC and congratulated him on his announced retirement. Chairman Moses congratulated KRGC Paralegal Garrett Rogers on his recent marriage.
MOTION, APPROVE AGENDA (B.)	Commissioner Fleming (Haag) moved to approve the agenda. Motion carried 4-0.
MOTION, APPROVE AUGUST 27, 2026 & SEPTEMBER 11, 2026 MEETING MINUTES (C.)	Commissioner Haag (Turnquist) moved to approve the minutes of the August 27th, 2026 and the September 11, 2026, meeting as amended to correct clerical errors. Motion carried 4-0.
MOTION, APPROVE CONSENT AGENDA (D.)	Commissioner Haag (Fleming) moved to approve the consent agenda (four items). Motion carried 4-0.

LOTTERY GAMING FACILITY REPORTS/ITEMS; BOOT HILL CASINO & RESORT (E.1.a.)	Ryan Detusch, General Manager, reported:
	• September 2026 revenue numbers compared to September 2025:

    - Digital Sportsbook Revenue: $6,900,000.00
        - Down from September 2025's revenue of $8,400,000.00.
        - Handle was $83.8M.
- September 2026 Sports Wagering
    - The total handle in retail was $1,300,388 for September. This was up over $983k from August 2026, and up $89k from September 2025.
    - The handle was led by football at 54%. This was followed by Baseball, Tennis, and Soccer and Basketball rounded out the handle. Parlay bets consisted of 34% of the handle
    - We had a jackpot wager (300 to 1 odds) consisting of a 9-leg college football parlay. The $100 wager paid out $31,389.
- Upcoming Events and Promotions:
    - Double Down | Friday and Saturdays in October | 10am -11:59pm
    - Slot Tournaments | Thursdays in October| 5pm - 8pm
    - Cordless Power Washer Gift Giveaway | Friday, October 9 | 4pm - 9pm
    - Cordless Blower Gift Giveaway | Friday, October 16 | 4pm - 9pm
    - Mini Chainsaw Gift Giveaway | Friday, October 23 | 4pm - 9pm

- Shovel Gift Giveaway | Friday, October 30 | 4pm - 9pm
- Host Feud Event | Saturday, October 10 | 6pm – 7:30pm
- Host Feud Event | Saturday, October 17 | 6pm – 7:30pm
- Host Feud Event | Saturday, October 24 | 6pm – 7:30pm
- October Birthday Party | Globar | Sunday, October 25 | 2pm-3:30pm
- VIP Halloween Party | Saturday, October 31 | 6pm-7:30pm

- Upcoming Entertainment & Events:
  - Tattoo Expo | Arena | Thursday, October 1 – 4
    - Commissioner Turnquist asked how the tattoo event went. General Manager Kuplen responded that the event always goes well and shared that last year she got a tattoo at the event.
  - Jobbers Automotive Convention | Arena | Friday, October 10 & Saturday, October 11
  - Comedian Matt Mathews | Arena | Friday, October 16
  - WABA Build My Future | Arena | Tuesday, October 20 – Wednesday, October 21

LOTTERY GAMING FACILITY REPORTS/ITEMS; HOLLYWOOD CASINO AT KANSAS SPEEDWAY (E.3.a.)

Lydia Garvey, General Manager, reported:

- September 2026 admissions were 113,096, down 11.3% compared to September 2025
- September 2026 revenue numbers compared to September 2025:
  - Total gross gaming revenue increased 4.9%
  - Slot revenue increased 4.7%
  - Table games revenue increased 6.5%
- September 2026 Sports Wagering revenue numbers
  - Retail Sportsbook Taxable Revenue: $226,554.00
    - Down 47.1% compared to September 2025.
    - Retail Sportsbook handle in September was $2.1M, a decrease of 50%
  - Retail Sportsbook: Top Sports
    - NFL was 37% of handle
    - NCAA Football
    - MLB
  - Digital Sportsbook Taxable Revenue: $200,184.00
    - Down 36% compared to September 2025.
    - Platform Sportsbook handle in September was $5M, a decrease of 38%
  - Digital Sportsbook: Top Sports
    - NFL was 30% of handle
    - NCAA Football was 30% of handle
    - MLB pre-season was 24% of handle
- Recent/Upcoming Events and Promotions:
  - September 26 & 27 - Fall NASCAR Race Weekend
  - Thursdays in October – Your Way Thursday
  - Fridays in October - $50,000 Friday Night Fortune
  - Saturdays in October – Monster Match Game
  - October 30 - $20,000 Jackpot Celebration
  - November 6 – Turkey Hi-Lo
  - November 7 – Lucky Feather Board
  - November 11 – PENN Heroes Veterans Day Bonus

- November 25 – Holiday Pie Giveaway

LOTTERY GAMING FACILITY REPORTS/ITEMS; KANSAS CROSSING CASINO (E.4.a.)

Jeff McKain, General Manager, reported:

- September 2026 admissions were 40,459, down 6.7% compared to September 2025
- September 2026 revenue numbers compared to September 2025:
  - Coin in was up 4%
  - Table games was down 14%
  - Net gaming revenue was up 4.5%
- September 2026 Sports Wagering revenue numbers
  - Retail Sportsbook Loss: $6,196.00
    - Down compared to September 2025's revenue of $16,273
    - Retail wagers were up 4.4%.
  - Digital Sportsbook Taxable Revenue: $3,236,068.00.
    - Up compared to September 2025's revenue of $2,012,560.00
    - Digital wagers were up 60%
- Events and Promotions:
  - September
    - Kiosk games on Mondays and Tuesdays.
    - *Camp 49* promotions every Wednesday.
    - Slot and Table Games Hot Seats on Fridays.
    - VIP event on Saturday the 12th.
    - Casino gifts on Sundays.
    - Entertainment featuring Jefferson Starship on the 19th.
  - October
    - Kiosk games on Mondays and Tuesdays.
    - *Camp 49* promotions every Wednesday.
    - VIP events on Friday the 9th and 30th.
    - Costume contest on Saturday the 31st.

        - "New Member Sign-Up Offer" – Provides $20 Club Cash for eligible new PLAY Rewards enrollments, combined with Bounce Back incentives of up to $500 based on qualifying play and ongoing monthly loyalty rewards for qualifying members.
- Upcoming Entertainment and Events
    - October:
        - Weekly Recurring Programming:
            - Mondays: Cowboy Karaoke 7:00 PM – Close
            - Tuesday – Saturday: Line Dancing Lessons 7:00 PM

- Thursdays: Bull Riding Competitions, Ladies Night (Every Thursday), Bikini Bull Riding (Alternating Weeks), Toughest Cowboy (Alternating Weeks)
- Sundays: Open Jam 7:00pm – Close
- Live Bands: Thursday-Saturday- No Cover

▪ Special Events:

- Shriner's Corvette Display Oct 20-21
- Breeder's Cup Oct 30-31
  - Chairman Moses asked if the simulcasting of the Eureka Downs races has been setup. General Manager Pritchett said his understanding was that Eureka Downs was not going to show the races and so simulcast would not be available at Gilley's. Chairman Moses asked Interim Executive Director DJ Lopez if he was going to speak to this during his report. Interim Executive Director Lopez said that simulcasting was never an option as Eureka Downs was not going to broadcast the race for simulcast. Chairman Moses recalled last month a dialogue with General Manager Weiss and General Manager Pritchett where it was confirmed that there would be simulcasting of the Eureka Downs races. General Manager Pritchett explained that afterwards he inquired further and found out that Eureka Downs was not able to simulcast the races. Interim Executive Director explained that Eureka Downs does plan to receive the simulcasting of the Breeder's Cup. Chairman Moses responded that was not what he was recalling and asked if other commissioners recalled this discussion. Commissioner Haag said she recalled the discussion but that her impression was that Eureka Downs and Gilley's would see if simulcasting could be done, not that it would be done. Chairman Moses clarified that there will not be simulcasting of Eureka Downs races at Gilley's. General Manager Pritchett agreed that was accurate. Chairman Moses asked if simulcasting of future races was an option. General Manager Pritchett said that he believes it is in discussion. Chairman Moses asked Interim Executive Director to give the commission a report next month as to why the race meet could not be simulcasted. Interim Executive Director Lopez agreed.
- Halloween Party Oct 31

- Chairman Moses commented he has heard some chatter regarding Gilley's barbeque and asked how that was going. General Manager Pritchett explained the facility has limited hours for barbeque, and they are looking at possibly changing out the menu a bit. General Manager Pritchett further explained that barbeque is not offered during the lunch period mid-week as they see a drop in visitation.

LIVE HORSE RACING FACILITY LICENSEE REPORTS/ITEMS;

Chairman Moses noted for the record that no representative from Eureka Downs was able to attend the meeting as Eureka Downs staff are preparing for tomorrow's races.

EUREKA DOWNS
(E.6.A)

COMMISSION ITEMS – OLD BUSINESS (F.)

There was no old business.

COMMISSION ITEMS – NEW BUSINESS; FUNDING AND AMDMINISTRATION OF STALLION AND MARE AWARDS (G.1)

General Counsel James Bain presented the staff agenda memorandum regarding the funding and administration of stallion and mare awards. General Counsel Bain reminded the commission that during last month's meeting a question was raised about the meaning of the word "participation" in statute; does it refer to all horses participating in the race or just the participation of Kansas-bred horses. General Counsel Bain explained that KRGC staff worked with the interpretation that it was referring to the participation of registered Kansas-bred horses. He said that was the interpretation used in August when the commission went through the distribution of stakes and purse supplements. General Counsel Bain shared that after last month's meeting he looked for any historical record of a determination on this issue and there was none. He said historically the Breeding Development Fund did not have that much money in it. General Counsel Bain explained that one judicial philosophy of statutory interpretation is that a court will not interpret a statute in such a way that it creates an absurd result. He further explained that he created a spreadsheet to show the outcome under each interpretation. If the fund was distributed based on the participation of all horses, 44.4% of the fund will be allocated to the thoroughbreds. However, when you look at the Kansas-bred registration 88% of registered horses are quarter horses and 11% are thoroughbreds. General Counsel Bain summarized that if the allocation is determined by the participation of all horses 44% of the fund would go to quarter horses when they have over 80% of the horses registered and 44% would go to thoroughbreds even though they only make up 11% of the registered horses. General Counsel Bain said his opinion is this would be an absurd result that would not be upheld if challenged in court and a court would interpret the statute so the fund should be distributed based on the Kansas-bred registered horses that run. General Counsel Bain shared that KRGC also received a letter from Senate Majority Leader Chase Blasi confirming the interpretation used by staff and the commission back in August was how the legislature intended the statute to be interpreted. General Counsel Bain noted that current regulation restricts the pay out of breeder's awards to horses that place first through third and that industry stakeholders have requested a regulation waiver allowing horses who finish first through fifth to qualify for breeder's awards. General Counsel Bain reviewed the written testimony submitted by industry stakeholders.

- Commissioner Turnquist asked if the commission were to adopt, or not, any of the proposals, would the commission be able to change things for next year's races. General Counsel Bain explained that any action taken would be limited to only this year and, as the commission has talked about, there will be a debrief where KRGC and industry stakeholders can collaborate on what went right and what went wrong. Commissioner Turnquist paraphrased that the

debrief would allow the public, industry stakeholders, as well as legislators to review and possibly recommend changes. General Counsel Bain said that was correct.

- Chairman Moses asked if KRGC staff had a recommendation on the action the commission should take. General Counsel Bain said there are kind of two steps to staff's recommendation. Regarding the allocation of the fund, staff recommend using the August fund balance and that $637,320.00 be allocated to the breeder's awards and $13,006.00 to equine research. General Counsel Bain recapped that the numbers he provided represent 49% of the August balance going to breeder's awards, 50% going to purse supplements and stakes awards, and 1% going to equine research. General Counsel Bain said regarding the distribution of the funds, the points program fulfills the goals of the commission; getting all of the money distributed and doing so fairly.
- Commissioner Fleming asked if Senator Blasi's letter was solicited. General Counsel Bain responded that KRGC did not solicit the letter, but he has to assume that someone attending last month's meeting brought the statutory interpretation issue to the senator's attention.
- Commissioner Haag asked, regarding the second proposal, if every winner gets the same amount, how is it that there is an eighty-twenty split for the mares and stallions. General Counsel Bain explained not every stallion and mare will be paid the same. Commissioner Haag clarified that every stallion that wins first will get the same amount, and same with the mares. General Counsel Bain confirmed that was correct.
- Chairman Moses asked if there was any member of the public that would like to address the commission regarding the presentation:
  - Peach Madl, representing the Kansas Thoroughbred Association and the Kansas Horsemen's Benevolent and Protective Association, said for clarification on the Breeder's Cup and Eureka Downs that the fair association asked to import the Breeder's Cup at the live race meet on October 31st, not export their races. There are a couple Kansans involved in the Breeder's Cup, one is a trainer and also Representative Schreiber and his wife are owners of a nominee to the Breeder's Cup, so it is a fun thing to watch and bet on while at Eureka. Ms. Madl said historically 80% of the races are open races, not Kansas-bred. There is no racetrack in the country that can rely on their own state-bred program, they are often the minority race ran during a meet. In the past, although it was under the Expanded Lottery Act, both this commission and the attorney general had an opinion that funds would be distributed based on the contributions of each breed to the success of that track in Kansas. When horses come from out of state, they feed the development for horses to be born in Kansas. Ms. Madl said this is how it has been done historically, and that it has been questioned. Historical horse racing is different and is under the Parimutuel Racing Act, but historically that has been how the funds have been distributed. We need those out-of-state horses to fund the track, make gaming revenue, drive attendance, and

increase the experience. There will never be enough Kansas-Bred races to make Kansas racing successful. Ms. Madl said that this fund is intended for development and if all of the funds are distributed there will be nothing to encourage breeding or be added to next year's races. It would warn a breeder to foal five or ten in Kansas this time because the awards are good and the purses the foals are eligible for will make them more valuable when sold. Quarter horses do not need to be born in a state they race in, as much as Thoroughbreds. Thoroughbreds must be born in the state they will race in because that is how the breed's business plan works. Quarter horses can be born in any state because more of their value is determined on the fraternity they are entered in. When racing was gone, quarter horses did not have to leave the state because for their sport it is not as important as it is for thoroughbreds. Ms. Madl said her organization searched for thoroughbreds who foaled in Kansas and they all came from one family because it does not make business sense without racing, a development program, and supplements to breed thoroughbreds in Kansas. Ms. Madl told the commission that she went to the racing office at Eureka yesterday for entries, and there are not enough races for quarter horses. There are horses that cannot run. Ms. Madl said if the commission is concerned about participation being unfair that will not be an issue because of the population. If the commission goes with KTA's proposal, the quarter horse association will get a significant part of all those funds, the Paints and Arabians might get a little bit, the thoroughbreds will probably have about 25%. The total horse participation actually treats all of the breeds pretty fair; the more of a breed at the race, the more that breed receives in the state-program. Ms. Madl said she is against putting all of the funds in and leaving none to develop the paints, Arabians, and thoroughbreds. They are a minority breed and will need development money if the commission wants them to be picked up. The track process takes care of the fairness of it all. Ms. Madl said that the point system circumvents the established racing structure; everything is based on the earnings and purses published in Equibase. The point system money will not show as a published earning, it will not happen until after the meet. Trainers, jockeys, and grooms, are all paid on systems based on published earnings, all of those people will be negatively affected by the point system. The jockey guild will have a problem with any horse winning money that is not disclosed on earnings. Ms. Madl asked the commission to look historically into how this was done and how fair it was. Ms. Madl said that if the commission does not award quality and performance horses are going to be breeding that should just not be bred. Breeders spend a lot of time matching the one mare and one stallion to provide performance. Ms. Madl said if the commission wants to turn this point system into mediocracy, she will be embarrassed her horses will be Kansas foaled. Ms. Madl said that breeders know how to breed animals for their use and not to just breed to get money.

- Commissioner Fleming asked General Counsel Bain to explain why Ms. Madl's interpretation is correct or incorrect or what his response is to her comment. General Counsel Bain said it seemed there was some miscommunication regarding the points program. A horse getting first will get paid more than a horse getting fifth and that difference is the same for the breeder's awards they earn, so it is based on performance. General Counsel Bain said on the issue of participation, it is what has been discussed before; the potential for a breed to receive a large portion of the fund based on out-of-state participation creates an absurd result. Chairman Moses asked Ms. Madl to respond. Ms. Madl said she believes the absurd result will occur when a point system is used to distribute 20% of the $637,320.00 and only three stallions are eligible for the awards. Ms. Madl said it is a development fund, and it will take three years to get the babies racing.
- Commissioner Turnquist asked, since this is the start-up of racing and apparently only three stallions are eligible for awards, if Ms. Madl was arguing that the dollar amount for the award should be substantially reduced. Ms. Madl responded that she had visited about it for first year, maybe the commission use a portion based on the number of participants, and then once the registration goal is met the funds are released. Ms. Madl further said what she is saying is what was done when racing was done at the Woodlands. Back then this point system was brought up, and it took $40,000.00 worth of lawyers to facilitate two organizations to come to a resolution that never happened. Commissioner Turnquist asked if Ms. Madl does not want a point system at all. Ms. Madl said that was correct and that she was unaware of a track that has successfully used a point system. Ms. Madl said she believes that Wyoming had something with quarter horses but in the 32 thoroughbred tracks in the United States there is no point system. Ms. Madl said although historical horse racing is different there were slots in the past and the fund received money from the breakage and unclaimed tickets. It was the same source for revenue, but it was a much smaller amount. Ms. Madl asked that the commission use what has been used historically and that this is not the time for change, horse owners need a chance to build their stock up. Commissioner Turnquist said that he may be misinterpreting what Ms. Madl has said but she has repeatedly said "historically" or "the way things used to be" and of course now there is historical horse racing. Commissioner Turnquist said further that the commission also has new statutes that it must abide by and asked General Counsel Bain to speak to that. General Counsel Bain said he does not believe that there were ever slot machines that were operating at racetrack facilities in Kansas. General Counsel Bain explained that the law allowed slot machines at racetrack facilities in Kansas but it never occurred.

- Chairman Moses asked Ms. Madl if she was sitting in the commissioners' chair and she had to decide how the development fund should be distributed; how would she distribute those funds. Ms. Madl said she would see what surrounding states have done and find a proven program. Chairman Moses asked General Counsel Bain if staff considered that. General Counsel Bain said yes, this was discussed back when the commission reviewed the stakes and purse supplements. Traditionally, supplements are added to the purse in each race, but it brings up the issue of participation of Ks-Bred horses. If the commission allocates $500K to purse supplements and there are no Kansas-bred horses in that race, then the money would not be paid out. In August, it was discussed that there had to be a mechanism to pay out the money. Chairman Moses noted Ms. Madl previously commented that there were only three eligible stallions for the breeder's awards and said he understands one of her concerns to be that because there are only three eligible stallions, the way the commission is distributing the developmental funds does not encourage development. Ms. Madl responded that the commission's distribution gives an atypical award to the stallion's owner and does not hold any money back for when there may be more eligible stallions. Ms. Madl suggested using only a portion of the fund so that eligible stallions win a nice award but not an absurd one. Chairman Moses asked how Ms. Madl would encourage expanding the number of eligible stallions by using the developmental funds. Ms. Madl said she would stick close to industry standards so that there is an understanding of what is being invested into and what can be the anticipated return on investment; if the commission tries to do new and different things it will scare people off. Chairman Moses asked what the current industry standards are. Ms. Madl explained that a mare and stallion receive a designated percentage and throughout the U.S. that figure is around 12% of the foal's earnings each year. Ms. Madl further said that the mare owner receives a larger percentage of the foal's earnings because stallions can have multiple foals in a breeding season. Ms. Madl said for example the commission may give 8% to the stallion owner and 12% to the mare owner, the percentages change by state but the procedure is the same. Chairman Moses asked if there are any states similar to Kansas that have a development fund generated by a third party. Ms. Madl answered Virginia and Wyoming. Chairman Moses asked how those states handle their development fund. Ms. Madl explained Virginia goes a little crazy and allows horse owners to register foals born out of state before the foal is two-years old so that the horse owner can win awards in two states. Wyoming is a little complicated, the fund is generated by historical horse racing machine and those machines can be throughout the state; however, the county

and city have to approve it and they usually require a percentage and so the amount received by the fund is much less than in Kansas. Chairman Moses asked how Virginia and Wyoming deal with the distribution of the developmental funds. Ms. Madl said that she would have to pull up the specifics for Wyoming. The results of what breeders receive from the program are reported. Ms. Madl said that if someone contacts Oklahoma and requests the formula for how awards are calculated they cannot provide it because it is very complicated. Chairman Moses asked General Counsel Bain if staff researched how Virginia and Wyoming distribute their developmental funds and factor that into the recommendation. General Counsel Bain said no, the only programs that staff found would determine the breeder award value by a percentage of the purse. General Counsel Bain said he wanted to make a point on the issue of three eligible stallions; if only three stallions are eligible, the number of Kansas-Bred horses will be low and that will mean low participation which limits the payout to the eligible stallions. The three eligible stallions could never collect the entire available balance.

- Chairman Moses noted that Ms. Madl raised an issue about the funds distributed from the developmental fund not being reported into Equibase, and as a result, there are participants, such as jockeys and others, that get a disproportionate amount of the funds for their performance in the races. Chairman Moses asked General Counsel Bain is that something that staff considered and/or is that accurate. Chairman Moses also asked if there is a way to cure it. General Counsel Bain said that he assumes it is accurate and that he is unaware if breeder's awards are also split amongst jockeys and trainers. Regarding a cure, jockeys, trainers, and all affected parties can negotiate their own pay; KRGC does not set their pay. Chairman Moses said that those groups could negotiate with the horse owners to receive not only a percentage of the purses won but also a portion of any breeder's awards. General Counsel Bain confirmed that was accurate.
- Chairman Moses asked is there a way for the commission to use some of the developmental fund to provide grants to breeders for the purpose of growing horse stock in Kansas. General Counsel Bain said not under current statute and explained that current statute there are only five approved uses of the horse breeding development fund; stakes races, purse supplements, mare awards, stallion awards, and equine research. Chairman Moses noted that with the five approved uses of the fund what is being considered was clearly anticipated by the legislature because they have

those funds in some fashion going back to the breeders and horse owners. General Counsel Bain agreed.

- Commissioner Turnquist asked if Ms. Madl was asking to change the percentage split from eighty-twenty. Ms. Madl answered no, they are asking to keep it the way the law has it now. Ms. Madl clarified that the jockey's commission is paid by the track not by the individual horse owner. They are paid a portion of the purse before it is paid to the horse owner. Ms. Madl also clarified that the recipient of the purse supplement and the recipient of the breeder's award will most likely be two different people. Ms. Madl said that the point system is a post-meet payout and that is why it circumvents the other participants. Chairman Moses said that would mean that the jockeys and the track could agree that the supplement and breeder's awards be included in their compensation. Ms. Madl said that some states allow the jockeys to receive part of the supplement and others prohibit it. Chairman Moses said that Kansas does allow that and it would be up to the jockeys and the track then to reach an agreement. Ms. Madl said that the National Jockey Guild would be the entity that may take issue with the commission paying out awards after the race meet. Chairman Moses said that based on his prior experience with guilds, unions, and similar entities he imagines that they would be very quick to negotiate with the track on behalf of their membership. Ms. Madl said that there are no jockeys from Kansas. Chairman Moses said that regardless of where the jockey comes from they will be racing in Kansas, and their guild will need to make an agreement with the track. Ms. Madl shared that the reason the jockeys received a $120.00 losing mount fee is because of the reduction in the other states. Ms. Madl said that the commission needs to make it to where the jockeys want to be here. Chairman Moses said that his point is that the jockeys that will race in Kansas can negotiate with Eureka Downs how they are going to get paid and if there will be any post-race payouts they can negotiation that those payouts be included in their compensation. And so, the amount posted in Equibase will not matter because they are going to have their agreement that they also get some of the post-race funds. Ms. Madl encouraged the commission to review the American Racing Commission International's model rules to see if this proposal is inline with their suggestions. Chairman Moses noted that Ms. Madl suggested looking at Virgina and Wyoming that has a similar fund. Ms. Madl said that those states receive money in a way similar to Kansas and that the point system is something that came from greyhound racing and was never applied to horse racing. Chairman Moses asked if it worked for the greyhounds. Ms. Madl said it did not because greyhound racing is no longer around. Chairman Moses said that greyhound racing is no longer around for

several reasons. Ms. Madl said she implored the commission to the review its adopted rules and waivers until the regulations can be changed because it takes a long time. Chairman Moses said he appreciates Ms. Madl's knowledge, experiences, desires, and suggestions and he knows that staff has spent time visiting and getting her feedback but that does not mean that the end result for this race meet is going to be exactly how she thinks it should be. Chairman Moses encouraged Ms. Madl to participate in the post-race debrief. Chairman Moses noted that the common goal is to get the races going and that does not mean that everyone involved in the races is going to have 100% of what they believe it should be, but everyone will get the one thing they do want, races to take place now in Kansas.

- Commissioner Haag asked if the KTA's proposal is to take $276,000.00 of the development fund for purse supplements for all races or only Kansas-bred races. Ms. Madl said the track would contact the commission and ask what the amount of available Kansas-bred funds was for the year. The commission would provide a figure that the track and racing secretary would use to create racing conditions. Ms. Madl said typically, unless illegitimate activity is suspected, commissions do not get involved with the creation of racing conditions. Ms. Madl said the commission's job is to protect the breeders, horse owners, and their money. Chairman Moses said he does not believe that the commission is here to protect the individual but is here to protect the law and the entire citizenry of Kansas. Chairman Moses said that the commission is not a partisan group to only support specific persons. Chairman Moses noted that General Counsel Bain had a clarification based on Commissioner Haag's comment. General Counsel Bain clarified the $276,000.00 would be added to every race. Commissioner Haag asked how many races the $276,000.00 would be divided by. General Counsel Bain answered sixty and clarified that only Kansas-bred horses would qualify. Commissioner Haag asked what happens to the breeder's award if there is no Kansas-bred horse that runs in the race. General Counsel Bain answered that it would go back to the breeding development fund. Commissioner Haag asked if a race does not payout its breeder's awards does that increase the amount available in proceeding races. General Counsel Bain explained that the allocation was a set amount based upon a percentage of the purse available for the race. Commissioner Haag said that her concern with that is, based on the purses, could the fund run out of money before the races are finished. General Counsel Bain said no, it would be theoretically possible, but realistically there is no certainty to the amount paid because there are going to be many races that have no qualifying horses. Commissioners Haag asked if the breeder's awards only go to stallions and mares that actually race and place.

General Counsel Bain confirmed that was accurate. Chairman Moses asked General Counsel Bain that if the commission has allocated enough money that if in fact every race qualifies for the 20% and the commission must payout for each of the races there is enough to payout for every race. General Counsel Bain said yes. Chairman Moses asked if there is a race that does not have a qualified horse do those funds get distributed among the other races or go back to the pot. General Counsel Bain answered that there is currently no mechanism to distribute any funds that are not paid. General Counsel Bain explained the concern is not that there will be insufficient funds to payout, but what would be paid out would be so low it would not fulfill the intent of the program to get money into the horse racing industry. Chairman Moses asked if there was a way for someone to get access to the developmental funds as a means for seed money or must they already be established. General Counsel Bain answered that the only way to access these funds is to actually have a horse race in Kansas and qualify. Ms. Madl said that the KTA did suggest a foal incentive program but that General Counsel Bain had responded that it was not a statutorily approved use of the funds. Ms. Madl asked General Counsel Bain for clarification on whether purse supplements would be available for all races or just Kansas-bred races. General Counsel Bain explained there is supplement for every Kansas-bred race but also that every Kansas-bred horse can score points in the open company races. Ms. Madl said that was not in the condition book currently but that could be remedied easily with a statement in the racing office. Ms. Madl said regarding the breeder's award the people who invest cannot possibly see any return for three years. Commissioner Haag asked regarding the proposals, in the first the $276,000 gets divided among only Kansas-bred races and if a Kansas-bred horse races in another race they do not get anything, but if the commission uses the points system proposal if a Kansas-bred horse places in another race that is not designated as a Kansas-bred race, they can still earn a piece of the breeders fund. General Counsel Bain said in the first proposal Kansas-bred horses who race and qualify in open company races would still qualify for breeder's awards. Commissioner Haag asked what the difference in the two proposals was. General Counsel Bain said the big difference is the certainty as to how much is paid out; with the first proposal it may be that there are very few horses that qualify and little is paid out, whereas under the points program the commission knows exactly what will be paid out. Commissioner Haag asked to confirm that money has been reserved for every race. General Counsel Bain confirmed that was accurate.

- Kurt Eck, with the Kansas Quarter Horse Racing Association, said he believes that the idea that the Kansas-Bred Development Fund

being influenced by horses that come from out-of-state to run is absurd. The fund is there for Kansas-bred horses that have been in the state for several years and have made an economic impact in Kansas. Mr. Eck said that he believes those horses should determine how the allocation between the breeds is distributed. Mr. Eck said he was confused about the comment about the point system because it is still a performance-based system. The problem this year in particular is that the Kansas-bred program is very lucrative compared to other states, 30% of the entire horse fund going to a state-bred program is unique to Kansas. The commission has a lot of money to distribute over six days and to arbitrarily set a percentage that is low enough to not over-spend but there is no history of what the typical percentage of a state-bred horse is consuming that money. Mr. Eck provided the example of Oklahoma, who runs all year long, who is able to put a supplement in the condition book and as the course of the year goes on, they are able to track and adjust the supplement as necessary. Mr. Eck said that the point system guarantees a payout of the fund. Mr. Eck said regarding the idea of paying too much out that he would not want to be the person to determine what too much was. Mr. Eck said that the point, and the way of developing the program quickly, is getting the money out into the industry and let people see the impact. Mr. Eck said that he does not believe it is a flaw in statute that there is no foal incentive because it requires people to raise horses invest in the state and raise a quality enough horse to race in the state, whereas a foal incentive just rewards all breeding. Mr. Eck said that the commission needs to keep purse supplements separate from breeder's awards. Mr. Eck said that Kansas said that the quarter horses did a point system for the breeder's awards way back in the day. Mr. Eck strongly encouraged the commission to distribute the money into the industry and let the rest of them go chase it.

- Commissioner Turnquist said that he understands Mr. Eck to be saying to maximize use of the funds early on to try and encourage the development going forward. Mr. Eck agreed that was correct, but with the caveat that the KQHRA recommended withholding money specifically or stakes programs for next year, with the idea that it advertises not only distribution of the money this year but also a stakes program has been setup for prospective breeders.

- Olivia Arpin-Wallace, member of the Kansas Paint Horse, Thoroughbred, and Quarter Horse Racing Associations and the Kansas Horse Council, said she was not here to speak for one or organization or association, but to speak for the integrity and equality of all associations involved in this discussion. Mrs. Arpin-Wallace said there are three qualified stallions for the awards this year, one of those has a huge numbers advantage of foals under it compared to the other two. If the commission allocates $500,000 to a point system payout for breeding awards,

it is essentially writing a six-figure check to a single individual within the state. Mrs. Olivia Arpin-Wallace said in regulation it is an eighty-twenty split for mare and stallion awards, allocating $500,000.00 or more will guarantee a six-figure payout to single individual if the point system proposed by the KQHRA is approved. Mrs. Arpin-Wallace said it is her opinion, as a young breeder with deep ties to Kansas, that the KRGC should look to exterior state, such as Nevada, Oklahoma, and Iowa, programs for how to payout breeding awards. Many of those programs are based on offspring winnings. Mrs. Arpin-Wallace suggested that a good model would for this year would be 10% of an offspring's winnings be paid out from breeding awards. This satisfies regulation by paying 8% to the qualified mare owner and 2% to the qualified stallion owner. Many of the surrounding states pay out less than 10% which puts Kansas above them with regard to breeder's award but does not excessively artificially inflate the value of qualified horses. Mrs. Arpin-Wallace said this proposal would award those who are invested currently above what they would be awarded elsewhere while preserving the funds for the future development of the breeding industry in Kansas, all while creating a draw for breeders to breed in Kansas. Mrs. Arpin-Wallace said this initiative should be returned to Kansas, breeders and owners with a commitment to integrity and fairness to all breeds and participants as this is an approach necessary to guarantee long-term equity and success. Mrs. Arpin-Wallace said as of September there are only three qualified stallions and that she knows this because she keeps a spreadsheet with all the breed associations Kansas-bred registration data. Mrs. Arpin-Wallace said three qualified stallions are inclusive to the last names Rutland, Perry, and Hunt. Mrs. Arpin-Wallace said these stallions are the only qualified stallions who will have offspring running. Mrs. Arpin-Wallace said she would be able to provide any spreadsheet once she returned home. There is not currently form of grant or fund available to knew breeders in the state. Chairman Moses asked if this information had been shared with staff. Mrs. Arpin-Wallace confirmed it had been through her husband. Chairman Moses asked if Mrs. Arpin-Wallace would be willing to participate in the post-meet debrief. Mrs. Arpin-Wallace said absolutely. Chairman Moses noted the common goal is to get racing up and going. Mrs. Arpin-Wallace agreed. Chairman Moses said he presumed Mrs. Arpin-Wallace appreciates that whatever the commission setups may not be entirely what anybody wants, but ultimately to reach a happy place post-race. Mrs. Arpin-Wallace agreed and said the goal is longevity. Chairman Moses said to General Counsel Bain he presumed staff considered comments submitted by Mrs. Arpin-Wallace and her husband. General Counsel Bain said he believed that they provided comments regarding stakes and purse supplements in August. Mrs. Arpin-Wallace confirmed that was accurate. General Counsel Bain asked Mrs. Arpin-Wallace if her husband submitted testimony regarding the issues raised today back in August. Mrs. Arpin-Wallace said that she was deployed at the

time but would be able to answer the question after she returns home. General Counsel Bain explained that in August the commission received many comments and so it may be that his comments were included in the packet. Chairman Moses said as he understands how the legislation was drafted and passed the use of the funds like what they are doing in Oklahoma is not allowed under the current law. General Counsel Bain agreed.

- Sheri Grinstead, with the American Paint Horse Association, said the first thing she would like to share is that she is very new to racing. She chairs the APHA Racing Committee but that is only because she has another love in barrel racing. She is very excited about racing in Kansas and has been somewhat involved in helping to develop the breed here. Ms. Grinstead said that she is concerned that the formula used by General Counsel Bain uses one breed to drive Kansas-bred pay outs, who already have a substantial number of horses in Kansas, what is the paint horse owner or breeders' incentive to come to Kansas. There are already sufficient numbers of quarter horses, and the payout is already there. Ms. Grinstead said paint owners seeing other breeds already have trainers, backgrounds, and breeders already in Kansas are going to go to another breed. This brings nothing new to Kansas to develop these other breeds. Ms. Grinstead asked General Counsel Bain what component he can implement to develop other breeds in the future. Chairman Moses said that is somewhat been discussed with he previous speakers and it is his understanding that the commission is bound by what the legislature passed. General Counsel Bain said a benefit of the point system is all breeds are treated equal; a paint or quarter horse winning first place will win the same number of points. Chairman Moses noted the question to also include how the commission is to encourage the different breeds so that there are more of those horses. General Counsel Bain said the commission could potentially create a program, but it would be somewhat limited by the requirement that distribution be based on participation. Chairman Moses said as he understands it the longer there is live horse racing with developmental funds the hope is that there will be more involvement from the other breeds because they will see that participation generates supplemental funds. General Counsel Bain agreed and said he believes that is the point Mr. Eck made, that paying this money out is in itself an incentive. Chairman Moses noted that the amount of money received by each breed will increase based on that breeds participation. General Counsel Bain agreed. Chairman Moses commented that what is frustrating about this situation is that the commission must take baby-steps; the commission must start somewhere and hopefully there will be more participation and motivation to have Kansas-bred horses regardless of the breed. This is not a one-time deal, hopefully this is going to have longevity. Ms. Grinstead said her concern is that the formula is based off quarter horse numbers and that does not surprise anyone. Ms. Grinstead said the quarter horses will always outnumber the other breeds, so what is the incentive to the smaller breeds. Chairman Moses said he believed he had just addressed that when saying to look at the

longevity of the program. Chairman Moses said the program will always be skewed to quarter horses but that is life in any industry and there is still motivation to grow participation. Ms. Grinstead asked the commission to not look at the formula when starting off because it is discrediting the other breeds.

MOTION – ALLOCATE FUNDS TO STALLION AND MARE AWARDS (G.2)

Commissioner Turnquist (Haag) moved that the $637,320 from the horse breeding development fund be allocated to stallion and mare breeder's awards and $13,006 from the horse breeding development fund be allocated to equine research through an institution of higher education under the state board of regents. Motion passed 4-0.

MOTION – WAVIE K.A.R. 112-12-8 & K.A.R. 112-12-9 (G.3)

Commissioner Turnquist (Fleming) moved that K.A.R. 112-12-8 and K.A.R. 112-12-9 be waived for the Eureka Downs 2026 Fall Meet. Motion passed 4-0.

MOTION – SPLIT AND DISTRIBUTE ALLOCATED FUNDS (G.4)

Commissioner Turnquist (Haag) moved that the funds allocated from the horse breeding development fund for stallion and mare awards be split with 20% of the funds to certified stallions and 80% to certified mares. Commissioner Turnquist (Fleming) further moved that those awards be distributed based on points awarded to their registered Kansas bred foal placing first through fifth, as presented in written testimony to the commission, in any race during the 2026 Eureka Downs Fall Meet with the fund balance divided by the total number of points earned to determine the monetary value of each point.

- Chairman Moses asked General Counsel Bain to confirm once this race meet is complete there will be an opportunity before the next set of races to evaluate that and potentially make any adjustments based upon reality. General Counsel Bain confirmed there would be.

Motion passed 4-0.

PUBLIC COMMENTS (H.)

Kurt Eck, with KQHRA, said that he wanted to publicly express his appreciation for this staff and commission for the past nine months and the bumps and bruises along the way. The easy thing to do would have been to put off the race meet but no one flinched. Mr. Eck said we are there and he is excited for racing to return to Kansas.

STAFF REPORTS (I.)

Garrett Rogers, Paralegal, reported on the Voluntary Exclusion Program, Sports Wagering Exclusion Program, and Kansas-Bred Program statistics for the month of September 2026 and presented the Quarterly Illegal Gambling Report .

Director of Administration, Audit, and Finance Brandi White reported:

- For the month of September, the transfer to the Horse Breeding Development fund was $169,530.00. The transfer to the Horse Fair Benefit fund was about $397,449.00. There was the disbursement of $380,000.00 in purse money for the Kansas-bred development fund. There was also a disbursement of $1.2M for purse money at Eureka Downs. In addition, KRGC was asked by Eureka Downs to reconsider several expenditures that were previously marked as ineligible. They submitted appropriate documentation and fixed existing errors so approximately an additional $115,000.00 was moved to eligible expenditure. As part of that request, KRGC also made a disbursement of an additional $100,000.00 that Eureka Downs said was needed to make the races successful. Of the reconsidered expenditures, there was one for horse stalls where $24,000.00 was being requested, the documentation showed that it was a two-year renter and that $12,000.00 was due upon delivery of the horse stalls. Director White said that she reduced the request by $12,000.00, assuming that the other $12,000.00 would be due out. Chairman Moses said that he wanted to take this moment to thank staff and those in the industry for working hard to get to this point.

Interim Executive Director DJ Lopez reported:

- Mr. Weiss is down at Eureka Downs putting the final touches on for tomorrow's race day. Commissioners have been provided with a letter from Mr. Weiss for their review. Interim Executive Director Lopez said he wanted to echo the Chairman's sentiments and thank everyone who has worked so very hard to get Eureka Downs ready for racing.
- KRGC licensing staff have processed over 200 occupational license applications and counting in preparation for this one meet. Staff have found individuals with warrants, unpaid fines, and things of that nature.
- Quoc Lam had a status hearing and defense requested a subsequent status hearing based on ongoing plea negotiations. The next status hearing is set for November 5th.
- Derrick Stubblefield was set for an in-person plea hearing on October 17th, 2027. His defense counsel requested a continuance and is now set for plea hearing October 29th.
- Kansas Attorney General Kris Kobach signed an amicus brief along with thirty-eight other state attorneys general to the U.S. Supreme Court opposing prediction markets. Some of the states joined in this effort are gaining traction with injunctions in their fight against prediction markets.
- The next commission meeting is scheduled for November 13, 2026, in Topeka at 10:00am.

MOTION, EXECUTIVE SESSION; CONFIDENTIAL BACKGROUND REPORTS (J.1.)	Commissioner Fleming (Jones) moved that the Commission go into executive session for the purpose of reviewing confidential background reports presented today by the commission's security division. In addition to the commissioners, the confidential background reports portion included the executive director, general counsel, and director of security, licensing, and backgrounds. The total time for the executive session was anticipated to be ten (10) minutes until 12:30 p.m. No action is to be taken in executive session, and the subjects discussed are to be limited as previously described. A full record of this motion is to be maintained as part of the permanent record of the Kansas Racing and Gaming Commission. At the conclusion of the executive session, the meeting is to be continued in open session. The motion carried 4-0, and the meeting was adjourned to executive session at 12:20 p.m.
RECONVENE (J.2.)	The commission meeting returned to open session at 12:30 p.m. with Chairman Moses, Commissioner Turnquist Commissioner Fleming, and Commissioner Haag.
MOTIONS ON LICENSE APPLICATIONS (K.)	Commissioner Turnquist (Fleming) moved to *deny one* license applicant, *conditionally approve one* license applicant, and *approve the 202* license applications from the October 16, 2026, list of background reports referred to the commission for action. The motion carried 4-0.
OTHER BUSINESS (L.)	There were no other items for discussion or motion.
ADJOURNMENT (M.)	Chairman Moses stated that the November 13, 2026, commission meeting will begin at 10:00 a.m. for an in-person meeting in Topeka, Kansas. Commissioner Fleming (Haag) moved to adjourn the meeting. Motion passed 4-0. The meeting was adjourned at 12:32 p.m.

Report Presented to the Kansas Racing and Gaming Commission

November 13, 2026

For October 2026, simulcast wagering, as defined by the Kansas Racing and Gaming Commission, produced a total takeout of $48,231.62. Total simulcast handle was $238,587.10.

Historical horse racing (HHR) machines recorded a total handle of $27,674,907.53.

Operational Metrics

- October patron count: 41,817 visitors

Upcoming Gaming Promotions

NOVEMBER

- **"Club Cash Frenzy"** – Every Sunday 1:00 PM–7:00 PM and select Fridays 7:00 PM–1:00 AM. Eligible PLAY Rewards members earn progressively multiplying Promotional Club Cash, from 2X to 7X.
- **"3X Club Cash"** – Every Monday from 10:00 AM–10:00 PM, eligible PLAY Rewards members earn triple Promotional Club Cash on qualifying gaming activity during the promotional period.
- **"Turn Over A New Leaf"** – Every Tuesday from 4:00 PM–8:00 PM, four winners are selected at each hourly drawing to flip a Leaf card and reveal Promotional Club Cash prizes ranging from $50–$300. Eligible PLAY Rewards members may receive complimentary and earned entries.
- **"Fall into Fortune" – Every Wednesday and Thursday beginning at 7:00 AM. Eligible PLAY Rewards members may receive one complimentary scratch card with Promotional Club Cash prizes ranging from $10–$300, while supplies last.**
- **"Earn & Get"** – Every Saturday. Eligible PLAY Rewards members who earn 1,000 qualifying points may redeem one small slow cooker, while members who earn 2,000 qualifying points may redeem one large slow cooker in addition to the small slow cooker. Items are available while supplies last.
- **"New Member Sign-Up Offer"** – Provides $20 Club Cash for eligible new PLAY Rewards enrollments, combined with Bounce Back incentives of up to $500 based on qualifying play and ongoing monthly loyalty rewards for qualifying members.
- **"Club Cash Doorbuster"** – On Black Friday, November 27, eligible PLAY Rewards members can earn multiplied Promotional Club Cash ranging from 7X to 15X on qualifying gaming activity, with multipliers varying throughout the promotional day.

Upcoming Entertainment

NOVEMBER

- Weekly Recurring Programming:

    - Sundays: Open Jam 7:00pm – Close
    - Mondays: Cowboy Karaoke 7:00 PM – Close
    - Wednesday – Saturday: Line Dancing Lessons 7:00 PM
    - Wednesday: Trivia 7:30 PM
    - Thursdays: Bull Riding Competitions, Ladies Night (Every Thursday), Bikini Bull Riding (Alternating Weeks), Toughest Cowboy (Alternating Weeks)
    - Live Bands: Thursday-Saturday- No Cover

- Special Events:
  Trackside Big Races: November 7th
    - Mother Goose | Belmont at the Big A | 10:40AM | $300,000
    - Sunshine Stakes | Churchill Downs | 12:00PM | $300,000
    - Autumn | Woodbine | 12:00PM | $175,000

STAFF AGENDA MEMORANDUM

DATE OF MEETING: November 13, 2026

AGENDA ITEM: Boyd Gaming Shelf Financing Renewal Approval Request

PRESENTERS: Todd Allen, KRGC Financial Investigator; Cassie Stratford, Senior Vice President and General Counsel, Boyd Gaming; and Brittnie Watkins, Vice President and Chief Compliance Officer, Boyd Gaming.

ISSUE SUMMARY: Boyd Gaming is requesting a 3-year renewal of the Shelf Financing Approval that was approved in 2023.

COMMISSION ACTION REQUIRED/REQUESTED: Commission discussion, consideration and approval of the Boyd Gaming Shelf Financing Renewal.

STAFF RECOMMENDATIONS: Staff recommend approval of the requested Boyd Gaming Shelf Financing Renewal.

KANSAS RACING AND GAMING COMMISSION
APPROVAL AND AUTHORIZATION OF SHELF APPLICATION
FOR DEBT FOR KANSAS STAR CASINO AND BOYD GAMING CORPORATION

On November 13, 2026, the Kansas Racing and Gaming Commission heard and approved a policy resolution authorizing "shelf approval" of debt financing for Boyd Gaming Corporation (Boyd) and Kansas Star Casino, LLC (Kansas Star). The commission also approved the KRGC executive director to review and approve, on behalf of the commission, subsequent shelf applications for debt that meets the criteria of the shelf approval. The Kansas Racing and Gaming Commission renews the following policy language:

1. The Executive Director is authorized to approve on behalf of the Commission, for a period of three (3) years, any material debt transaction by Kansas Star and Boyd upon satisfaction of each of the following criteria:

   (a) Boyd's securities continued to be listed on the New York Stock Exchange;

   (b) Boyd has stockholder's equity of $50 million or more as reported on Boyd's most recent Form 10-K or 10-Q filed with the Securities and Exchange Commission ("SEC");

   (c) Boyd is compliant with all material filing requirements of the SEC;

   (d) Any proposed shelf financing transaction that involves the pledging of any assets of Kansas Star Casino shall include notice to creditors substantially as follows:

"Statement to Creditors and Investors by Boyd Gaming
Regarding the Pledging of Kansas Star Casino Assets

Notwithstanding any promise, covenant, or pledge made by, any condition agreed to, or any guaranty, indenture, agreement, contract or other document executed by Boyd Gaming Corporation for the benefit of any creditor or investor to pledge Kansas Star Casino, its assets, or any assets purchased or leased by Boyd Gaming Corporation (or any predecessor entity) for Kansas Star Casino on behalf of the State of Kansas, **Boyd Gaming hereby gives notice to all creditors and investors** that, in the event of bankruptcy or default on any loan or other debt secured in whole or in part by Kansas Star Casino or Kansas Star Casino assets, KRGC does not waive, nor has it waived, any of the State of Kansas' rights under law or under the lottery gaming facility management contract to secure the games and select a new casino manager,"

   (e) The total amount of indebtedness sought does not exceed $6.0 billion; and

   (f) Certification under oath of compliance with these requirements by an officer or other authorized representative of Boyd.

2. At least ten (10) state business days prior to the proposed financing modification or new financing transaction, Kansas Star and Boyd shall provide written application to the Executive Director, which may be transmitted by electronic means, certifying compliance with the foregoing criteria, and summarizing the maximum amount of debt sought, the maximum financing rate sought and the intended use of potential proceeds. The potential use of such proceeds may include, but is not limited to, general corporate purposes, including capital expenditures, working capital and repayment of amounts outstanding under Boyd's Revolving Credit Facility or other existing debt outstanding, and the issuance of new public debt (or equity) to refinance existing debt or for other purposes including to take advantage of one or more development oppo1iunities that may arise due to favorable market conditions. Kansas Star and Boyd will submit such other documentation in support of its request as may be requested by the Executive Director subsequent to receipt of such written application.

3. Any completed application that complies with these requirements shall be approved or deemed approved by the Commission if the Executive Director affirmatively approves the transaction.

4. Following approval of any such financing transaction, Kansas Star and Boyd shall notify the Executive Director of all debt transactions within ten (10) state business days of consummation, including subsequent modifications of debt transactions, and provide executed copies of the documents evidencing the transactions as may be required.

5. Commissioners or the Executive Director may rescind a shelf approval prospectively without prior written notice. The rescission shall be in writing and set forth the reasons for the rescission and shall remain in effect until lifted by the Commission upon satisfaction of any such terms and conditions as required by the Commission. In the event a shelf approval is rescinded without prior notice, Kansas Star and Boyd shall not be deemed to be noncompliant with K.A.R. 112-101-11, and amendments thereto, unless it is established that either applicant procured such shelf approval through intentional fraud or other intentional wrongdoing.

ADOPTED AND APPROVED ON THIS _____DAY OF_____, 2026.
