 - Chairman Moses asked how Gilley's counts their patrons. General Manager Pritchett explained that they use an AI system paired with their surveillance to give an accurate estimate.
 - Chairman Moses asked how the recent opening of the pickleball courts has gone. General Manager Pritchett said that the weather has not been cooperative, but they have contracted with a third party to bring in designated pickleball leagues. Upwards of 40 people per league.
 - Chairman Moses recalled seeing a golf simulator when touring Gilley's. General Manager Pritchett confirmed that the facility has two. Chairman Moses shared that he has recently learned of another location

in Wichita that has golf simulators and that location holds leagues. General Manager Pritchett said that he was not aware of this and would look further into it.

- Commissioner Turnquist asked how the arcade is performing. General Manager Pritchett said that arcade was doing pretty well and that they added another 50 plus claw-type gaming machines last week.
- Commissioner Turnquist asked if the facility has had any issues with younger kids getting on the gaming floor. General Manager Pritchett said that they continue to monitor that. General Manager Pritchett further explained that the facility is acquiring hand-held ID scanners that will be used when IDs are checked so that if someone flees the scene the facility will still be able to report the individual.

Jeff Longwell, Chair of Gilley's Cares, reported:

- That the charity board met last Wednesday, August 5th, and finished a few projects. The board now has a presence on Gilley's website so that people can apply for grants. The board approved three different grants and is requesting that the commission approve their allocations: \$450 for a police department fundraiser, \$2,500 to Wichita Wagon Masters to help with the downtown chili cookoff, \$10,000 JAG-K grant.
- Chairman Moses noted that the commission is going to work on a system to better coordinate allocation requests and that this process would likely not necessitate Mr. Longwell's monthly attendance but rather as needed. Chairman Moses asked for clarification on the allocation of \$450 to the Wichita Police Department. Mr. Longwell explained that it was for sponsorship of the golf tournament fundraiser that the department is holding. Chairman Moses asked if the fundraiser is through the foundation or the police department itself. Mr. Longwell explained that it was through the foundation. Chairman Moses explained that he would not be required to abstain from voting on the allocation. Chairman Moses asked for more information on the JAG-K allocation. Mr. Longwell explained that it is nonprofit that provides services to at-risk youth of the Wichita Public Schools but is not a part of the school system itself. Chairman Moses said that he will not be required to abstain from voting on this allocation.

LIVE HORSE RACING
FACILITY LICENSEE
REPORTS/ITEMS;
GILLEY'S (E.6.a.)

Mike Weiss, General Manager, reported:

- When Eureka last operated parimutuel racing in 2009 the race meet licensee requested only \$68k. That figure reflected a very different era, nearly twenty years ago, and did not include the STAR bonds support, sponsorship dollars, or contributions from breed associations that help sustain operations at the time. Eureka is the oldest standing racetrack still standing west of the Mississippi river. Decades of deferred maintenance have taken a heavy toll. In truth, starting from a blank slate likely would have been easier but restoring Eureka Downs preserves a historic venue. Capital improvement costs are high because the needs are real. The Greenwood County Fair Association has focused on necessities not amenities. The Greenwood County Fair

Association goal is to make Eureka Downs a track that is looked forward to participating in.

- General Manager Weiss disseminated a booklet to the commissioners that illustrated the construction updates that have occurred at Eureka Downs and discussed why specific changes were made. The booklet also included track rules, the operating schedule, and vendors.
 - Commissioner Fleming asked who fills out the stall application. General Manager Weiss responded that it is normally the trainer. Commissioner Fleming asked if the trainer would have to have workers compensation coverage for the jockey. General Manager Weiss explained that they would need to have coverage not for the jockey but for the trainer's employees and any exercise staff they have. General Manager Weiss further explained that jockeys are independent contractors. Commissioner Fleming asked if the jockeys were insured. General Manager Weiss confirmed they were and that the track purchases jockey insurance for the races.
 - Chairman Moses noted that in the booklet he saw four race days and asked if there still plans for a six-day meet. General Manager Weiss said that all six days should appear in the booklet and affirmed that the race dates are October 17th, 18th, 24th, 25th, 31st, and November 1st. Chairman Moses asked when the fliers refer to added purse is that in addition to the money being made available by the state. General Manager Weiss explained that the nomination fees are pooled and are included in the purse. Chairman Moses asked using the Paul and Virginia Treadwell inaugural race, does the \$100k added purse mean that the total purse is \$100k or it is over \$100k. General Manager Weiss explained that \$100k is what comes from the state fund and the addition comes from individual horse nomination fees.
 - Chairman Moses said that he gathered from the discussion between General Manager Weiss and General Manager Pritchett that what was discussed last month, regarding Gilley's being permitted to simulcast races at Eureka Downs, that has all been resolved between you two. General Manager Weiss confirmed it was.
- General Manager Weiss has been working with KRGCC Casino Operations Director Rick Wilson to assist with coordinating with the Greenwood County Sheriff's Office on racetrack security.
- Promotions are being developed and concepts such festivals, food trucks, giveaways, and co-promotion with Gilley's are being considered.
- October 31st is Breeders Cup Day and General Manager Weiss would like to request permission to bring the races into Eureka. It's a \$40M

worth of races, with a mile and quarter Breeders Cup classic \$7M race. General Manager Weiss shared that he has already contacted the Breeder's Cup, and they have agreed to assist.

- Chairman Moses asked if the intention was to enter a contract in order to simulcast the race. General Manager Weiss explained that was accurate, but he wants to simulcast the entire race day. Chairman Moses asked how that reconciles with Gilley's simulcasting or does Eureka Downs need an agreement with Gilley's and/or the state to simulcast from Eureka while presumably they are also simulcasting in Wichita. General Manager Weiss recalled that the fair association has a reciprocal agreement with Gilley's. General Manager Weiss explained that he had to sign off to allow Gilley's to simulcast and at time he requested to take one day. General Manager Weiss said that he does not believe they are going to have a big effect.
- General Manager Weiss thanked the commission for the purse money that was allocated last month. Races are pretty much set and encompass Ks-Bred, Ks-Owned, and Ks-Owned preferred. General Manager Weiss said he was told to do his best to make sure that the funds are split evenly between the breeds and that fair association would be watching that very closely. General Manager Weiss said that he intends to present the condition book today and hopes to receive approval from Interim Executive Director Lopez on Monday. General Manager Weiss said that when he looked at the Kansas bred registry, for the quarter horses there were 34 registered two-years-olds, 19 three-years-olds, 2 four-year-olds, and 1 five-year-old so he was thinking of writing two-year-old races and three-year-old races. General Manager Weiss explained for the draft condition book, there was \$313,000 for the quarter horses and \$313,000 for the thoroughbreds. General Manager Weiss explained that he planned for two maiden \$50k two-year-old races, a maiden \$50k Ks-Bred two-year-old race October 17th, a maiden three and up fillies October 24th, maiden three and up October 31st, October 31st an inaugural stake race for \$100k to be named after Paul and Virginia Treadwell, November 1st an inaugural two-year-old stake for \$75k. General Manager Weiss explained that was his plan for the quarter horses and he wants to mimic something like that for the thoroughbreds. However, General Manager Weiss wanted to note that the reason he was doing that was for marketing more than anything else. There are not enough thoroughbreds to make those races, if those races are included in the book they will not fill. However, it is a marketing tool that will entice people from out of state to begin breeding in Kansas to take advantage of those purses.

- Chairman Moses asked if he could interrupt to ensure that everyone was on the same page. Chairman Moses noted that General Manager Weiss mentioned the condition book several times and that he would be submitting it for approval today. Chairman Moses asked when the proposed condition book was first submitted to KRGC staff. General Manager Weiss responded that he has not. Chairman Moses strongly discouraged the commission from taking a binding vote until after staff has had time to review, discuss, and if necessary, work with the fair association on any concerns. Chairman Moses asked General Counsel Bain if that advisement was appropriate. General Counsel Bain confirmed it was. General Manager Weiss clarified that he was not asking for approval of the condition book but specific Kansas-Bred races to be included in the condition book. Chairman Moses said that again if General Manager Weiss has not previously discussed this with KRGC staff the Chairman is reluctant to try to approve something today that neither the staff nor the commissioners have had a chance to consider. Chairman Moses asked General Counsel Bain if he was wrong. General Counsel Bain said that was certainly within the chair's purview. Chairman Moses recalled during last month's meeting that he emphasized to General Manager Weiss to submit items needing commission approval sooner rather than later. Chairman Moses said he was impressed by all the work done since the last meeting, the booklet shared with commissioners was very well done, and he knows Eureka Downs is making strides. Chairman Moses further said not to misinterpret his comments, but he does not think it is fair to the commission, staff, or the citizens of Kansas to try to get commissioners to approve something they have not seen. Chairman Moses noted that he is only one of five commissioners. General Manager Weiss said that was fine, apologized, and said further that this was new for him and that he has not had experience with a commission approving a condition book before. Chairman Moses said that he believes it is required by regulation. General Manager Weiss responded that was fine and that he would have the condition book submitted next week. General Manager Weiss explained that the fair association was recently allocated the racing funds and this was an effort to show how those funds would be spent.
- Chairman Moses noted that General Manager Weiss may want to break up his report because under new business is the discussion and consideration of funds to Eureka Downs.

General Manager Weiss agreed and said that he would explain a couple races.

- Chairman Moses noted that this will not be General Manager Weiss' last opportunity to talk about the purses but Director White will talk about how much is available to be allocated to purses and explain to what degree commissioners have to break down each purse or if they just need to approve a total dollar amount for purses.
- Commissioner Haag asked for clarification that when General Manager Weiss says that the race will not fill that he means it will not be run. General Manager Weiss confirmed that was accurate. Commissioner Haag asked what happens to the purse money for races that do not fill. General Manager Weiss explained that it returns to the fund. Director White confirmed that was accurate.
- Chairman Moses asked if General Manager Weiss could hold a race that is not limited Kansas-bred thoroughbreds but all thoroughbreds. General Manager Weiss says that he can but that the purse money would come out of the open purse funds. Chairman Moses asked if there is an open thoroughbred race being held so out of state thoroughbreds have an incentive. General Manager Weiss explained that the open race was not for \$100k. Chairman Moses asked whether an open thoroughbred race would run during the six-day meet. General Manager Weiss said that he was not planning an open thoroughbred stake. Chairman Moses asked General Manager Weiss to explain the difference. General Manager Weiss explained that the allowance race would have certain allowances, stake races are higher race, a trophy race. Chairman Moses said that the dual goal is to get the wow factor and to encourage people to become Kansas-bred. General Manager Weiss said that was accurate.
- Commissioner Turnquist seconded the chairman's comments appreciating the amount of work that has been done and said that the packet of information is very useful.

BREAK (F.)

Chairman Moses noted that now would likely be a good time to briefly break and allow audience members who are not interested in the new business item an opportunity to leave. Commissioner Fleming (Turnquist) moved that the commissioner briefly break.

RECONVENE
(G.)

The commission meeting returned to open session with Chairman Moses, Commissioner Jones, Commissioner Turnquist, Commissioner Fleming, and Commissioner Haag.

MOTION, AMEND
AGENDA;
(H.)

Chairman Moses (Jones) motioned to amend the agenda to move staff reports to prior to new business. Motion passed 5-0.

STAFF REPORTS
(I.)

Garrett Rogers, Paralegal, reported on both the Voluntary Exclusion Program and Sports Wagering Exclusion Program statistics for the month of July 2026.

Director of Administration, Audit, and Finance Brandi White reported:

- In July, the state's 3% share of the total handle on HHR machines was \$720,157.54 and the state's share of simulcast from Gilley's was \$6,319.50. The transfer to the Horse Breeding Development fund was approximately \$167,754.65. The Horse Fair Benefit fund received \$392,948.18. There was an August transfer that happened just this week of \$468,925.68. After that transfer, the Horse Fair Benefit fund balance is \$2,535,684.75. The August transfer to the Horse Breeding Development fund was \$200,074.35 bringing the total balance to \$1,300,654.76.
 - Chairman Moses asked for clarification on whether the July transfers are included in the total balances. Director White explained that due to the new business item on today's agenda she thought the commission would like to know not only the previous monthly transfer, but also what money had been transferred this month and the current balance of the funds. Director White confirmed that the \$392,948.18 and the \$468,925.68 are in the fund currently. Then there is also \$393,556.00 that KRGC has already paid out to the Greenwood County Fair Association. There are also some allowable background expenditures for Greenwood County Fair Association that have come out of that fund and that gets to the current balance of \$2,535,684.75. Chairman Moses asked if the August money would be available to be used by Eureka in September or is that calculated in what has been transferred to them. Director White explained that was part of her recommendation and that KRGC waited as late as it possibly could for the statutory August 15th transfer deadline to capture the previous weekend's revenue. The August and July numbers will be a part of the recommendation

Interim Executive Director DJ Lopez reported:

- Commissioners have heard from general managers from Gilley's and Eureka Downs.
- KRGC has identified veterinary stewards and a director of operations. Over the past weeks, General Counsel Bain has been working on employment contract language. When selecting candidates, KRGC staff considered whether they had a connection to Eureka Downs. Only one steward hired did not have a connection.
 - Commissioner Turnquist asked how many personnel KRGC will have at the races. Interim Executive Director Lopez responded that there is not a specific number but that enough staff are present to ensure that the races are run smoothly.
 - Chairman Moses asked what it means that KRGC has identified stewards and a director. Interim Executive Director Lopez explained that the agency has identified who they would like to offer the position to and are currently in the contract phase. Chairman Moses noted that the rules for Eureka are different than for the casinos and asked if the commission would need to do backgrounds on all these people. Interim Executive Director Lopez explained that if they have been granted a license in another jurisdiction KRGC has the ability to give a reciprocal license. Chairman Moses asked if the commission has to do backgrounds on the people that General Manager Weiss hires. Interim Executive Director Lopez confirmed the commission does. Chairman Moses asked when the commission plans on starting on that process and when is it anticipated having to consider those backgrounds. Interim Executive Director Lopez said that the application process has gone out on the KRGC website and staff are ready to begin the process once an application is received. Chairman Moses asked if this backgrounding and licensing process has been explained to General Manager Weiss and that time is of the essence. Interim Executive Director Lopez said yes and that is why staff have opened the process as quickly as possible as well as planning to open a licensing office at Eureka Downs so that anyone that needs to be licensed for the races can have the opportunity. Chairman Moses asked if Director Bailey was confident that this would all be completed by the September meeting. Director Bailey said that he was and that KRGC has dedicated personnel and resources specifically for this and the agency's focus is to expedite the licensing process for applications that are received. Commissioner Haag asked if the same reciprocity that is available for KRGC hires is available for employees of Eureka Downs. Interim Executive Director Lopez confirmed the agency can. General Counsel Bain clarified that Interim

Executive Director Lopez is referring to temporary licenses that can be issued under reciprocity due to the nature of horse racing and the timeline. Interim Executive Director Lopez noted that the licensing office will be operating on race days so if anyone needs to be licensed day of it would be possible.

- There is a total of 288 Kansas-bred registered horses. 237 of those horses are quarter horses, 46 are thoroughbreds, and five are paints.
- Quoc Lam had a status hearing set for September 3rd.
- Derrick Stubblefield is set for an in-person plea hearing on September 17th, 2027.
- Nebraska election officials are reviewing a petition of over 201,000 signatures that could online sports wagering on the state's ballot this fall. Currently, Nebraska only allows sports wagering in brick-and-mortar casinos.
- Colorado passed a bipartisan bill that limits six deposits per day into sports wagering apps and patrons will no longer be able to use credit cards as a payment method. They are experiencing a large problem gambling situation.
- The next commission meeting is scheduled for September 11, 2026, in Topeka at 10:00am.

There was no old business.

COMMISSION ITEMS –
NEW BUSINESS;
ALLOCATION OF
FUNDS TO EUREKA
DOWNS
(K.1.)

Director White said that she wanted to clarify a few things that were said previously. Director White explained that what she is presenting today is a recommendation of the remaining fund balances allocation. There has been no final decision made. The commission gave Director White approval to make payments and disbursements from these funds but due to how these funds will be allocated staff wanted to bring this before the commission for approval. When General Manager Weiss talks about the \$1.2M for purse money and other funds, that recommendation is what has been brought before you today for approval. What has been shared with the fair association was not final decision and is subject to any changes the commission would like. Director White said that she believes that the numbers General Manager Weiss referenced are from an August 5th recommendation that did not include the numbers from this weekend's transfer, any difference in numbers is likely due to that. Finally, Director White noted that General Manager Weiss mentioned the \$68k in operating expenses with the last county fair meet that Eureka Downs ran and said that she wanted to make clear that \$68k is the allocation that the KRGC made it was not the amount that was requested. KRGC was not able to fulfill the entire request and so historically KRGC has not been able to meet all operational funding needs that have been requested.

- Chairman Moses asked if the comment that KRGC is not able to meet the needs was a decision by KRGC or if that was another way of saying that there were not enough funds available to meet the need. Chairman Moses asked if it was fair to say that Director White and staff have done everything possible to fulfill all of the requests and needs of Eureka Downs but there is not enough money or supporting documentation to pay out. Director White responded that there is not enough money to meet all of their operational, capital improvement costs, and purse supplement requests available in the fund. Chairman Moses noted that the funds that are available are exclusively the funds that are generated from Gilley's. Director White confirmed that was accurate. Chairman Moses commented that when Gilley's does better the fund does better and that KRGC has no control over that. Director White confirmed that was accurate and shared that there was a caveat. Director White explained that the Ks-Breeding Development fund had a holdover balance from 2009 and Director White is not sure exactly what that balance is for. Director White shared that she knows that KRGC had grants in place with regents' institutions and that not all of them were able to collect all of their money because they did not submit their deliverables on time, but she suspects that is what the holdover balance is from. Chairman Moses asked if the previous distribution Eureka Downs was in addition to is it included in the final figure. Director White explained that it was in addition and that total allocation, if the commission decides to follow the recommendation, would be \$1,379,887.34. Chairman Moses asked if the August numbers were included. Director White said that they were. Chairman Moses asked if the September funds would be available for operational expense. Director White said that staff's recommendation is to not make the September funds available for operational expenses in the event there are emergencies. The 25% that comes off for capital outlay/improvement, staff is fine with that being paid out. Chairman Moses noted that we do not know what that amount is and asked if staff would know by end of August. Director White explained that staff would know by the 15th of September. Chairman Moses asked if there would be additional funds available after September 15th. Director White confirmed there would be.

KRGC Director of Administration, Audit, and Finance Brandi White presented the staff agenda memorandum regarding the proposed allocation of the HFRBF and KBDF for a fall 2026 race meet at Eureka Downs.

- Commissioner Haag asked what the gap is between the \$1.38M and the authorized expenditures. Director White explained that the total expenditures that KRGC has marked as approved and eligible is \$1,624,065.76. Chairman Moses asked for clarification that there are requests from Eureka that have not been approved by staff because they do not qualify under the definition of capital improvements or

insufficient information was provided to KRGC to distribute. Director White confirmed that was correct and further explained other expenses were marked as ineligible because on July 1st an email was sent to the fair association from KRGC communicating the criteria used in 2009 and that language did not allow for expenditures from HFRBF that would generate additional monies for the fair association. Chairman Moses asked if those rules were based on statute and regulation. Director White confirmed they were. Director White noted that there were multiple submissions from the fair association and staff did not issue a determination until the final submission on July 31st when supporting documentation was not included or it was not requested from the fund, that is when those types of items became unapproved not before then.

- Commissioner Turnquist asked if Director White feels the fair association will have adequate funding to carry out their races. Director White said that it is her opinion that there are adequate funds available, the fair association will have to make decisions and those will likely not be easy.
- Chairman Moses asked if any members of the public would like to comment on this new business item.
 - Paul Treadwell approached the podium. Mr. Treadwell said that he saved his comments for a challenge in racing that no one has talked about yet, drugs in horses. Mr. Treadwell said that it is a real problem out there, a problem for all the states, and will certainly become a problem for us. Mr. Treadwell said that he thinks that we take a very diligent look at it and work hard we can stop it from happening in Kansas and the time to stop it is now, not after it gets started. Mr. Treadwell said that he thinks that there needs to be a great effort by the KRGC to make it as hard as possible to get the drugs out of horse racing. There are a lot of efforts throughout Oklahoma and New Mexico. Some of them are very successful and some not so. Mr. Treadwell further said that we have a unique opportunity here because we are starting so if we can stop it from every starting that is the best approach. Chairman Moses asked Director White if there was anything built into the requests from Eureka that address the concerns that Mr. Treadwell has shared. Director White explained that it is not built into efforts by the fair association, but it is built into the drug testing budget that KRGC has. Chairman Moses encouraged Mr. Treadwell to share his concerns with Interim Executive Director Lopez so that the commission can stay aware of horsemen's concerns. Interim Executive Director Lopez explained that KRGC current plan is to get advisement from KRGC's chief steward and vet, review the ARCI model rule, take in stakeholder comments and then come up with a policy.

MOTION, APPROVAL
OF ALLOCATION OF
THE HORSE FAIR
RACING BENEFIT AND
THE KANSAS
BREEDING
DEVELOPMENT
FUNDS
(K.2.)

Commissioner Jones (Fleming) moved to approve the proposed allocation of the horse fair racing benefit and the Kansas breeding development funds as described in the staff memorandum. The total amount transferred from the Horse Fair Benefit fund would be \$2,932,643.89 and from the Horse Breeders Development fund \$650,827.38. Motion passes 5-0.

PUBLIC COMMENTS
(J.)

Peach Madl, Executive Director Kansas Thoroughbred Association and the HBPA, said that open races are most of the on a racetrack. The trainers and horsemen from out of state are going to be our primary revenue generator. The Kansas-Bred races are statutorily required to hold one race per breed a day but those races will not fill for several years. Ms. Madl explained that information is derived from the KS-Bred registry. Races are marketed through a condition book and have to have purses in it. Ms. Madl said she cannot market a race without a condition book or a stable application. The breed registry numbers are the totals that are registered the majority are breeding stock and are not eligible animals for racing. The foals are the ones that are eligible to race. Since Kansas started in 2025, there are few of us who bred in 2024 to have a 2026. Since the law did not happen until 2025 we did not get an opportunity to invest. It takes a while to choose who you breed to. If the breeding registry is 280 now, there are probably only 50 foals. You will not see the foals until fall or December because you cannot register until you have your breed association registration. And we all know quarters take a little bit of time, jockey clubs do not get their information until the fall to do the microchipping. You will not see your crop until the first of next year. Ms. Madl said that she thinks it would be fun to separate the breeding stock and eligible foals. Ms. Madl thanked Gilley's, General Counsel Bain, Interim Executive Director Lopez, and thanked Chairman Moses.

- Commissioner Haag noted that Ms. Madl said that she began recruiting based on the condition book. How far ahead of race days do you normally do that. Ms. Madl responded that it is usually at least 60-days but preferably 90-days.
- Chairman Moses asked General Counsel Bain to walk the commission through how they receive a condition book. General Counsel Bain said that the way he envisions the condition book approval happening is that it would be submitted from Eureka Downs. Now that the purse money has been allocated, the fair association will complete their work and submit their proposed condition book to staff. Once the parties come together and have a condition book ready for commission review a special meeting could be held to review and approve the condition book.

Chairman Moses asked if the meeting would need to be in person. General Counsel Bain said that they do not need to meet in person but rather that it could be done virtually and still be compliant with the Kansas Open Meetings Act. Chairman Moses asked if it was worth setting a meeting date now. Interim Executive Director Lopez said that he believes that General Manager Weiss and the fair association understand that time is of the essence and will get the condition book submitted in short order. Chairman Moses commented that it may be best to schedule the meeting now while everyone is able to check their calendars. Director White advised that if the commission were to take this direction that they also provide the fair association with a deadline by which to have their final submission to the commission to ensure staff has enough time to review and discuss with industry partners. Chairman Moses asked for General Manager Weiss if he has a preference. General Manager Weiss said that he would like to have the condition book approved prior to the September 11th meeting. Commissioner Turnquist asked how much notice has to be provided when setting a meeting date. General Counsel Bain advised that 48-hours is sufficient notice. Chairman Moses said that he was convinced that there was not a need to set a meeting date but he would still like to set a deadline for the fair association to submit their final condition book to KRGC. Commissioner Turnquist said that he did not know that was needed because the general manager is aware there is a deadline and that he will likely submit the book as fast as he can. Chairman Moses asked that General Counsel Bain and Director White explain to General Manager Weiss what staff needs for the condition book review. Director White said that staff needs the final condition book in its final format with its final information by August 21st. Chairman Moses asked General Manager Weiss if that would work for him. General Manager Weiss confirmed it would.

Kurt Eck, with the Kansas Quarter Horse Racing Association, asked for a point of clarification that what has been submitted by the fair association is \$300k more than what has been approved and is available for them to use this year. Director White responded that is what KRGC has designated as eligible expenditures and that there was actually more, 504,229.49, that did not meet the eligibility requirement which brings the total of submitted expenditures to \$2,128,295.25. Mr. Eck said that to be clear the fair association will have to cuts to operational expenses or cuts to purse money to come under what has been approved. Director White explained that cuts to purse money is not optional because the commission just designated the allocation to purse monies at \$1.2M and the only amount that KRGC designated as eligible for reimbursement from the Horse Fair Racing Benefit fund is that \$1.6M Director White believes. Director White said that the fair association will have to make

an assessment of how they are going to spend funds and whether or not and how they can generate more funds. Mr. Eck said the other point that he would like to make is that the condition book is the industry as far as the horsemen care. Mr. Eck said that races in the condition book should be written in a manner that horses will be able to compete in . Mr. Eck says that he understands the idea of a marketing gimmick to put a race in that will not fill. That does not do horsemen any good. Mr. Eck said he would like to make sure that horsemen have an opportunity to look at it and that the races will benefit the horsemen in 2026. If the races that are offered don't fill and the purse money goes back into the fund for 2027 or beyond does not benefit the horsemen for this year. Mr. Eck said that when considering races that will be filled so that Kansas horsemen can get the benefit of what is in that fund. Chairman Moses noted that staff do intend to collect industry stakeholder comment after receiving a proposed condition book. Chairman Moses said that purse money for races that do not take place are statutorily required to return to the fund. Director White confirmed that was accurate and that any reallocation of those funds to expenditures would have to be reapproved by the commission.

MOTION, EXECUTIVE
SESSION;
CONFIDENTIAL
BACKGROUND
REPORTS
(L.2.)

Commissioner Fleming (Jones) moved that the Commission go into executive session for the purpose of reviewing confidential background reports presented today by the commission's security division. In addition to the commissioners, the confidential background reports portion included the executive director, general counsel, and director of security, licensing, and backgrounds. The total time for the executive session was anticipated to be five (5) minutes until 12:23 a.m. No action is to be taken in executive session, and the subjects discussed are to be limited as previously described. A full record of this motion is to be maintained as part of the permanent record of the Kansas Racing and Gaming Commission. At the conclusion of the executive session, the meeting is to be continued in open session. The motion carried 5-0, and the meeting was adjourned to executive session at 12:18 p.m.

RECONVENE
(L.2.)

The commission meeting returned to open session at 12:23 p.m. with Chairman Moses, Commissioner Jones, Commissioner Turnquist, Commissioner Fleming, and Commissioner Haag.

MOTIONS ON LICENSE
APPLICATIONS
(N.)

Commissioner Turnquist (Jones) moved to *approve the 141* license applications from the August 14, 2026, list of background reports referred to the commission for action. The motion carried 5-0.

OTHER BUSINESS
(O.)

There were no other items for discussion or motion.

ADJOURNMENT
(P.)

Chairman Moses stated that the September 11, 2026, commission meeting will begin at 10:00 a.m. for an in-person meeting in Topeka, Kansas.

Commissioner Fleming (Turnquist) moved to adjourn the meeting. Motion passed 5-0. The meeting was adjourned at 12:24 p.m.

STAFF AGENDA MEMORANDUM

DATE OF MEETING: September 11, 2026

AGENDA ITEM: FY 2026 & FY 2027 Budgets

PRESENTER: Brandi White, Dir. of Admin, Finance & Audit, Racing and Gaming Comm.

ISSUE SUMMARY: The annual budget must be submitted to the Division of the Budget on or before September 15, 2026. Prior to submittal, the Commission approves the Racing and Gaming Commission budget, as well as the State Gaming Agency budget. As part of the budget process a revised FY 2027 and requested FY 2028 budget need to be submitted to the legislature.

KRGC General Assumptions

The revised FY 2027 budget is based upon the following assumptions: 1) full year of operation for Boot Hill Casino; 2) full year of operation for Kansas Star Casino; 3) full year of operation for Hollywood Casino; 4) full year of operation for Kansas Crossing Casino; 5) full year of operation of sports wagering by all four State-owned casinos; 6) full year of operation for Gilley's Gambling Hall; 7) Six-day race meet Eureka Downs.

The revised FY 2028 budget is based upon the following assumptions: 1) full year of operation for Boot Hill Casino; 2) full year of operation for Kansas Star Casino; 3) full year of operation for Hollywood Casino; 4) full year of operation for Kansas Crossing Casino; 5) full year of operation of sports wagering by all four State-owned casinos; 6) full year of operation for Gilley's Gambling Hall; 7) Six-to-ten day race meet Eureka Downs.

FY2026

KRGC parimutuel expenditures for FY 2026 were approximately \$3 million and primarily attributable to salaries and wages expended, predominantly the result of backgrounding and regulatory activities for a parimutuel facility in Sedgwick County.

KRGC gaming expenditures for FY 2026 reflect the costs of ongoing regulatory oversight for Boot Hill Casino & Resort, Kansas Star Casino, Hollywood Casino at Kansas Speedway, and Kansas Crossing Casino. Total actual FY 2026 expenditures were approximately \$1.5 million or 16% below budget at approximately \$8 million compared to budgeted expenditures of about \$9.6 million. The primary reason for savings was related to salaries and wages for unfilled positions.

FY 2027

The KRGC's revised FY 2027 budget is approximately \$24 million which is an increase above the approved FY 2027 budget of \$11.8 million. KRGC has assumed a shrinkage rate of 7.5% for FY 2026 which totals a shrinkage rate of about \$800,000. The primary reason for the increase is an enhancement request in the amount of approximately \$12.5 million. The majority of the enhancement is attributable to roughly \$12.2 million for statutorily required grant payments from the horse fair racing benefit fund and supplements from the Kansas breeding development fund. The remainder of the enhancement is for regulatory costs as allowed from the horse fair racing benefit fund to administer an anticipated six-day horse fair race meet at Eureka Downs in October of 2026.

The revised budget request for FY 2027 for expanded gaming regulation is approximately \$9.6 million. The revised budget is consistent with the approved budget for expanded gaming regulation.

KRGC's FY 2027 revised parimutuel racing budget request is approximately \$14.7 million. The revised budget is increased above the approved FY 2027 budget by approximately \$12.5 million. The majority of the enhancement is attributable to roughly \$12.2 million for statutorily required grant payments from the horse fair racing benefit fund and supplements from the Kansas breeding development fund. The remainder of the enhancement is for regulatory costs as allowed from the horse fair racing benefit fund to administer an anticipated six-day horse fair race meet at Eureka Downs in October of 2026.

The FTE for the requested FY 2027 budget is unchanged from the approved budget. The total FTE requested is 105.5 FTE. 19.05 FTE are attributable to parimutuel regulation, and 86.45 FTE are attributable to expanded gaming regulation. The FTE number does not include a part-time unclassified temporary position under budget policy and procedure guidelines.

The budget includes a request to expend from the Illegal Gaming Enforcement fund for operations related to seizure of illegal gambling devices. Funding derived from seizures of illegal gambling devices is authorized by appropriations. The fund is restricted to use for investigatory activities related to illegal gaming.

FY 2028

The KRGC's requested FY 2028 budget is \$22.5 million which is an increase above the approved FY 2027 budget of \$11.8 million. The primary reason for the increase is an enhancement request in the amount of approximately \$10.1 million. The majority of the enhancement is attributable to roughly \$9.6 million for statutorily required grant payments from the horse fair racing benefit fund and supplements from the Kansas breeding development fund. The remainder of the enhancement is for regulatory costs as allowed by statute from the horse fair racing benefit fund to administer an anticipated six-to-ten-day horse fair race meet at Eureka Downs in 2027. KRGC has assumed a shrinkage rate of 7.5% for FY 2028 which totals a shrinkage amount of approximately \$840,000.

The budget request for FY 2028 for expanded gaming regulation is approximately \$10 million. The requested budget is consistent with the approved budget request for FY 2027 for expanded gaming regulation and no enhancements are requested.

KRGC's FY 2028 revised parimutuel racing budget request is \$12.5 million. The revised budget is increased above the approved FY 2027 budget by approximately \$10.1 million. The majority of the enhancement is attributable to roughly \$9.6 million for statutorily required grant payments from the horse fair racing benefit fund and supplements from the Kansas breeding development fund. The remainder of the enhancement is for regulatory costs as allowed from the horse fair racing benefit fund to administer an anticipated six-day horse fair race meet at Eureka Downs in 2027.

The number of FTE positions requested in the FY 2028 budget is unchanged from the approved budget for the FY 2027 budget. The total FTE requested is 105.5 FTE. 19.05 FTE are attributable to parimutuel regulation, and 86.45 FTE are attributable to expanded gaming regulation. The FTE number does not include a part-time unclassified temporary position under budget policy and procedure guidelines.

The budget includes a request to expend from the Illegal Gaming Enforcement fund for operations related to seizure of illegal gambling devices. Funding derived from seizures of illegal gambling devices is authorized by appropriations. The fund is restricted to use for investigatory activities related to illegal gaming.

COMMISSION ACTION REQUIRED/REQUESTED: Commission discussion, consideration and approval of the revised FY 2026 budget and requested FY 2027 budget for the Racing & Gaming Commission.

STAFF RECOMMENDATIONS: Staff recommend approval of the proposed budget, subject to technical changes to be made upon entering the budget into IBARS, the State Budget System and to potential future changes made by Division of Budget, the Governor and Legislature.

Kala Loomis, Executive Director

Laura Kelly, Governor

Meeting: Kansas Racing and Gaming Commission, September 11, 2026
Agenda Item: KSGA Budget for FYs 2027-2028
Presenter: Brandi White, Director of Admin., Finance & Audit; Racing and Gaming Commission

KSGA Background

Five Native American tribes have signed gaming compacts with the State of Kansas, all of which have been approved by the Legislature, signed by the Governor, and approved by the Bureau of Indian Affairs. These five nations are: the Iowa Tribe of Kansas and Nebraska, the Kickapoo Tribe of Kansas, the Prairie Band Potawatomi Nation, the Sac & Fox Nation of Missouri in Kansas and Nebraska, and as of March 2026, the Wyandotte Nation of Oklahoma. Over 25 years ago, the State Gaming Agency was created to fulfill the duties and obligations of the State by ensuring compliance with these tribal-state compacts, the Tribal Gaming Oversight Act, and all applicable federal and state laws. To date, four of these five tribes offer class III gaming and/or sports wagering in casinos located in Kansas, placing them within the purview of the Agency's services, and these four tribes are assessed annually for the entirety of the Agency's budget. The Wyandotte Nation operates two casinos in Kansas, but as of this writing, they have not introduced class III gaming nor sports wagering in these facilities.

The Agency is made up of an enforcement unit (sworn law enforcement officers), a special investigations unit (special investigators – not sworn law enforcement officers), as well as technical and support staff. The Agency conducts background investigations on all employees, gaming vendors, and tribal gaming inspectors connected with the gaming operations at each casino. The Agency also monitors gaming operations for compliance and has law enforcement authority over criminal activity. Enforcement agents conduct compliance inspections, monitor gaming activity at tribal casinos, and conduct criminal investigations.

KSGA Budget Process

KSGA is funded based on Section 25 of the compacts with the four Kansas tribes. The compacts state "The state shall annually make an assessment sufficient to compensate the State for the reasonable and necessary costs of regulating Class III gaming pursuant to this Compact. Reimbursable regulatory expenses under this Section shall include all necessary regulatory costs of the State Gaming Agency...." Sec. 25(A).

Section 25(B) states in part, "on or before August 1st, annually, the State shall render to the Tribe a verified, detailed statement of expenses with supporting documentation of the total cost of regulation for the preceding fiscal year ending June 30, together with proposed assessments for the forthcoming fiscal year based on the preceding fiscal year's cost...." In practice, each year just before August 1, KSGA prepares an assessment letter for that fiscal year for each tribe.

Section 25(B) goes on to say, "On September 1st annually, the state, after receiving any objections to the proposed assessments and making such changes or adjustments as may be indicated, shall assess the Tribe for the costs of regulation. The Tribe shall thereafter make a payment representing one-third of the assessment within a 20-day period and shall make payments thereafter on January 1st and April 1st annually."

After KSGA completes the assessment process outlined above, the Agency's budget must be approved by the Kansas Racing and Gaming Commission, pursuant to K.S.A. 74-9803. It states "The budget of the state gaming agency, the number, and qualifications of employees of the state gaming agency and expenditures by the state gaming agency for expenses of dispute resolution pursuant to a tribal-state gaming compact shall be subject to approval by the Kansas racing and gaming commission. All other management functions of the state gaming agency shall be administered by the executive director."

FY2027

KSGA's FY2027 revised budget includes overall expenses of approximately \$1.48 million with 14.0 FTE positions, three of which are unfilled. These include two enforcement agent positions, one funded and one unfunded, that were approved following the passage of SB 84, giving tribal casinos the opportunity to introduce sports wagering. The remaining unfunded and unfilled position is a special investigator position, which was formerly held by an employee who retired in late 2026. These positions could be filled if the Wyandotte Nation introduces class III gaming and/or sports wagering in its casinos located in Kansas or if the Kickapoo Tribe of Kansas introduces sports wagering; it is the only remaining tribe of the original four without this offering.

Revenues are based on the legislatively approved budget and are paid for by the four tribes' assessments. The Agency assumes a shrinkage amount of \$20,000. The contractual services and commodities requests are for the amounts of \$275,400 and \$18,150 respectively. KSGA requests a capital outlay budget of \$28,500 for computer systems, information processing equipment, software, and other tools to enhance the Agency's cybersecurity.

FY2028

KSGA's FY2028 budget request includes \$1.55 million with 14.0 FTE positions. Revenues are based on previously approved budgets and would be paid by the tribes' assessments. The salaries and wages for the budget year are to provide for a consistent level of employment. Increases are generally due to an increase in fringe benefits. The contractual services, commodities, and capital outlay budgets requested are the same as the previous year: \$275,400, \$18,150, and \$28,500 respectively.

These budget proposals were presented to the four tribes at the end of July 2026, and all four tribes accepted the proposals in full without modification.

COMMISSION ACTION REQUIRED/REQUESTED

The Kansas State Gaming Agency respectfully requests the Commission to discuss, consider, and approve the revised FY2027 and requested FY2028 budgets. The Agency would be happy to answer any questions you may have.

KRGC STAFF RECOMMENDATIONS

KRGC staff recommends approval of the proposed budgets, subject to technical changes to be made upon entering the budget into IBARS, the State's Budget System, and to potential future changes made by the Division of Budget, the Governor, and the Legislature.

03700 – Tribal Gaming Program

KRGC Statutory History

In 1986, Article 15, Section 3 of the Kansas Constitution was amended by Kansas voters to permit pari-mutuel wagering on horse and greyhound races. The Kansas Pari-mutuel Racing Act was enacted by the Kansas Legislature in 1987 setting forth the terms and conditions of the agency's operation as enumerated in Chapter 74, Article 88 of the Kansas Statutes Annotated (KSA). The powers and duties of the Kansas Racing Commission, as it was originally named, may be found in K.S.A. 74-8804, as amended. In 1996, the Kansas Racing Commission was renamed the Kansas Racing and Gaming Commission (KRGC) pursuant to K.S.A. 74-8803a. In 2022, the Kansas Pari-mutuel Racing Act was amended to authorize the operation of historical horse race machines by an organization licensee at a facility located in Sedgwick County utilizing only historical horse race machines approved by KRGC. Wagering on historical horse racing machines is required to be conducted in accordance with the provisions of the Kansas Pari-mutuel Racing Act.

In 2007, the Kansas Legislature enacted the Kansas Expanded Lottery Act (KELA), which is found in K.S.A. 74-8733 through 74-8773. Under KELA, the Kansas Lottery is authorized to own and operate casino-style games, including slot machines and table games, in specified geographical gaming zones, as well as pari-mutuel racetrack facilities located within certain of those gaming zones. The KRGC, under KELA, regulates and licenses lottery and racetrack gaming facility managers under contract with the Kansas Lottery to operate the games owned by the Kansas Lottery. In addition, the KRGC licenses gaming and non-gaming suppliers used by lottery or racetrack gaming facility managers. In 2022, KELA was amended to allow the conduct of sports wagering by lottery gaming facilities. The amendment expanded KRGC's oversight of lottery gaming facility games to include regulation of sports wagering.

State Gaming Agency Executive and Statutory History

In 1995, the State of Kansas by Executive Order No. 95-177 designated the Kansas Department of Commerce & Housing as the State Gaming Agency to carry out certain duties and responsibilities under the gaming compacts entered into with resident Native American tribes until the Kansas Legislature could enact legislation to designate a permanent State Gaming Agency.

In 1996, the Kansas Legislature enacted the Tribal Gaming Oversight Act, which is set forth in K.S.A. 74-9801 through 74-9809, as amended. Under K.S.A. 74-9803, the State Gaming Agency was attached to the KRGC for budget purposes, human resource assistance, and dispute resolution under the terms of the tribal-state gaming compacts. All other management functions of the State Gaming Agency are administered by its executive director. (See Tribal Gaming Program narrative)

In 2022, the Kansas Expanded Lottery Act was expanded to allow for the four federally recognized Indian tribes to submit a request for negotiation of a new or existing gaming compact regarding sports wagering. This would allow the four Class III tribal casinos to negotiate their Compacts to include language that would allow them to conduct sports wagering both on the tribal reservations and remotely via online sports wagering platforms.

KRGC/Budget Overview**Background**

The passage of KELA provided for the creation of four gaming zones in which one lottery gaming facility manager would be selected. In addition, KELA authorized the operation of slot machines at pari-mutuel racetrack facilities under specific conditions. Four lottery gaming facilities have been constructed to date and are in operation in the southwest, northeast, south-central gaming, and southeast gaming zones. In 2022 KELA was expanded to allow for the four lottery gaming facility managers to conduct sports wagering both on premises and remotely via online sports wagering platforms. Additionally, no licensed pari-mutuel racetrack facilities currently exist in Kansas, but the Kansas Pari-mutuel Racing Act was revised 2022 to allow for historical horse racing machines to be utilized by a licensed parimutuel facility in Sedgwick county.

In December 2009 the Boot Hill Casino & Resort (Boot Hill Casino) began operations in Dodge City, Kansas in the southwest gaming zone. Boot Hill Casino has over 600 state-owned slot machines, 16 table games and 5 poker tables. The Boot Hill Casino is flanked on one side by the Dodge City/Ford County United Wireless events and convention center, which includes a 6,000 seat arena, and on the other side by a Hampton Inn that opened in March 2012.

In 2010, Peninsula Gaming, LLC (Peninsula) was selected as the lottery gaming facility manager for the south-central gaming zone. Peninsula constructed a temporary gaming facility known as the Kansas Star Arena Casino that opened in December 2011 in Mulvane, Kansas. The Kansas Star Casino's permanent gaming facility with several dining options opened in December 2012. A connected Hampton Inn with 150 rooms opened in November 2012 and an additional 150 hotel rooms opened in July 2014. The temporary gaming facility has been reconfigured into an entertainment facility. The convention center and the equestrian facilities were completed in January of 2015. Boyd Gaming, Inc. acquired 100% of Peninsula in an equity transaction in November 2012.

The third lottery gaming facility is located in the northeast gaming zone and opened February 2012 in Wyandotte County. The facility, known as the Hollywood Casino at Kansas Speedway (Hollywood Casino), is operated by Kansas Entertainment, LLC, which is a joint venture between Penn National Gaming, Inc. and International Speedway, Corp. International Speedway, Corp. owns and operates the Kansas Speedway and the Hollywood Casino is located on turn two of the Kansas Speedway.

The fourth lottery gaming facility, Kansas Crossing Casino, is located in the southeast gaming zone and opened in March of 2017 in Pittsburg, Kansas. The facility has 625 slot machines, 16 table games, a 123-room Hampton Inn and Suites and a 600 seat entertainment complex.

KRGC General Assumptions

The revised FY 2027 budget is based upon the following assumptions: 1) full year of operation for Boot Hill Casino; 2) full year of operation for Kansas Star Casino; 3) full year of operation for Hollywood Casino; 4) full year of operation for Kansas Crossing Casino; 5) full year of operation of sports wagering by all four State-owned casinos; 6) full year of operations for Gilley's Saloon and Gambling Hall; 7) Six-day horse race meet at Eureka Downs.

The submitted budget for FY 2028 is based upon the following assumptions: 1) full year of operation for Boot Hill Casino; 2) full year of operation for Kansas Star Casino; 3) full year of operation for Hollywood Casino; 4) full year of operation for Kansas Crossing Casino; 5) full year of operation of sports wagering by all four State-owned casinos; 6) full year of regulatory operations for Gilley's Saloon and Gambling Hall; 7) Six-to-ten day horse race meet at Eureka Downs.

The Kansas Bred Registry Program registers Kansas bred horses in various categories for the purpose of distributing moneys credited to the Kansas horse breeding development fund. Distributions from this fund include purse supplements, stakes and awards, and equine research. KRGC continue administration of the Kansas bred greyhound registry in the future. Under current conditions funding for the maintenance of the registry programs will come from existing State Racing Funds and registration fees deposited into the State Racing Fund.

The KRGC renews its request to continue the practice of using no-limit fee funds for all funds, thus allowing the necessary flexibility to regulate racing and gaming activities as conditions change.

KRGC Budget Overview (continued)

Current Year Comparison of FY 2027 Approved and Revised Budget Expenditures

The KRGC's revised FY 2027 budget is approximately \$24 million which is an increase above the approved FY 2027 budget of \$11.8 million. The primary reason for the increase is an enhancement request in the amount of approximately \$12.5 million. The majority of the enhancement is attributable to roughly \$12.2 million for statutorily required grant payments from the horse fair racing benefit fund and supplements from the Kansas breeding development fund. The remainder of the enhancement is for regulatory costs as allowed from the horse fair racing benefit fund to administer an anticipated six-day horse fair race meet at Eureka Downs in October of 2026. KRGC has assumed a shrinkage rate of 7.5% for FY 2027 which totals a shrinkage rate of about \$800,000. There are two programs within the budget. The expanded gaming regulation budget is approximately \$9.6 million and the parimutuel gaming program budget is approximately \$14.7 million.

The FTE for the requested FY 2027 budget is unchanged from the approved FY 2027 FTE of 105.5 FTE requested. The FTE number does not include a part-time unclassified temporary position under budget policy and procedure guidelines.

Budget Year – Comparison of FY 2027 approved and requested FY 2028 Budget Expenditures

The KRGC's requested FY 2028 budget is \$22.5 million which is an increase above the approved FY 2027 budget of \$11.8 million. The primary reason for the increase is an enhancement request in the amount of approximately \$10.1 million. The majority of the enhancement is attributable to roughly \$9.6 million for statutorily required grant payments from the horse fair racing benefit fund and supplements from the Kansas breeding development fund. The remainder of the enhancement is for regulatory costs as allowed from the horse fair racing benefit fund to administer an anticipated six-to- ten day horse fair race meet at Eureka Downs in October of 2027. KRGC has assumed a shrinkage rate of 7.5% for FY 2027 which totals a shrinkage amount of approximately \$840,000. The expanded gaming regulation budget is approximately \$10 million and the parimutuel gaming program budget is approximately \$12.5 million.

The number of FTE positions requested for the FY 2028 budget is consistent with the approved FY 2027 budget of 105.5 FTE. The FTE number does not include a part-time unclassified temporary position under budget policy and procedure guidelines.

KRGC Budget Overview (continued)

KRGC Revenues

All expenditures by the KRGC are currently paid by the lottery gaming facility managers with the exception of costs associated with the licensing of vendors who pay their own costs. Expenditures are allocated between direct and indirect costs with direct costs being those expenditures identified with a specific lottery gaming facility manager, which primarily includes the cost of the KRGC staff located at each lottery gaming facility. Direct costs account for 65% of total costs. The remaining 35% of total costs are indirect costs that are primarily associated with the Topeka office, and are generally allocated among the lottery gaming facility managers based upon a number of factors (i.e. revenues, direct expenses, number of slot machines and table games, number of employees, etc.). In order for the KRGC to be completely self-funded it bills the lottery gaming facility managers quarterly in advance based upon approved budget expenditures. The first quarterly billings were for six months each to establish the necessary cash balances for ongoing operations. Currently, the KRGC bills for the quarter representing 4-6 months in the future and reconciles quarterly billings to actual expenditures for the quarter just ended making the necessary adjustments to the quarterly billing.

The lottery gaming facility managers also remit payments to cover the cost of the background investigations of their employees. As noted above, certain vendors doing business with lottery gaming facility managers also remit payments to cover the cost of their background investigations. Up front deposits are required based upon an estimate of the total background cost and are supplemented with additional payments if the amount of the deposit is insufficient to cover the actual costs incurred as the background investigation progresses. If the payments received exceed the background costs incurred, the vendor is sent a refund of the unused funds.

Review of KRGC Prior Year - 2026

Racing Program

KRGC expenditures for FY 2026 of approximately \$3 million were for regulation of parimutuel wagering and were predominately for salaries and wages, primarily as the result of backgrounding and regulatory activities for a parimutuel facility in Sedgwick County.

Expanded Lottery Act Gaming Program

KRGC expenditures for FY 2026 reflect the costs of ongoing regulatory oversight for Boot Hill Casino & Resort, Kansas Star Casino, Hollywood Casino at Kansas Speedway, and Kansas Crossing Casino. Total actual FY 2026 expenditures were approximately \$1.5 million or 16% below budget at approximately \$8 million compared to budgeted expenditures of about \$9.6 million. The primary reason for savings was related to salaries and wages for unfilled positions.

Agency Wide Overview of Current Year Estimate and Budget Year Scenarios

Current Year - 2027

Racing Program
The budget is built on the assumptions that 1) there will be a full year of operations of Gilley's Saloon and Gambling Hall; 2) Six-day horse fair race meet at Eureka Downs; 3) KRGC staff will administer to the Kansas Bred Registry Program in FY 2027. The budget is increased by approximately \$12.5 million above the approved FY 2027. The increase is predominately for statutory required grant supplement payments from K.S.A. 74-8829 & K.S.A. 74-8838 from the Kansas Horse Breeding Development Fund and the Horse Fair Racing Benefit Fund for stipulated purposes.

Tribal Gaming Program
The budget for the current fiscal year remains unchanged from the approved budget.

Expanded Lottery Act Regulation Program
The current FY2027 budget is based upon the following assumptions: 1) full year of operation for Boot Hill Casino; 2) full year of operation for Kansas Star Casino; 3) full year of operation for Hollywood Casino; 4) full year of operation for Kansas Crossing Casino; 5) a full year of sports wagering operations. The total revised budget request for the expanded gaming regulation program is approximately \$9.6 million and is consistent with the approved budget of approximately \$9.6 million.

Enhancement Package - FY 2027

Racing Program
The Racing Program includes an enhancement request for the operations of a horse race meet at Eureka Downs. The increased cost includes expenditures from the horse race fair benefit fund and the Kansas horse breeding development fund. The horse race fair benefit fund will be utilized as statutorily allowed to support the administration of a horse fair race meet at Eureka Downs. The Kansas horse breeding development fund will be utilized to promote the horse racing industry in Kansas as specified in statute.

Tribal Gaming Program
The Tribal Gaming Program does not request any enhancement packages.

Expanded Gaming Program
The Expanded Gaming Program does not request any supplemental funding for the current year.

Budget Year Information - FY 2028

Racing Program
The budget is built on the assumptions that 1) there will be a full year of operations for Gilley's Saloon and Gambling Hall; 2) Six-to-ten day horse fair race meet at Eureka Downs; 3) KRGC staff will administer the Kansas Bred Registry Programs in FY 2028. The budget is increased by approximately \$9.6 million above the approved FY 2027. The increase is predominately for statutory required grant payments from K.S.A. 74-8829 & K.S.A. 74-8838 from the Kansas Horse Breeding Development Fund and the Horse Fair Racing Benefit Fund for stipulated purposes.

Tribal Gaming Program
The requested FY 2028 budget is based upon the following assumptions: 1) KSGA will continue to fulfill the duties and obligations of the state for four tribes in Kansas: the Iowa Tribe of Kansas and Nebraska, the Prairie Band Potawatomi Nation of Kansas, the Kickapoo Tribe, and the Sac and Fox Nation of Missouri in Kansas and Nebraska; 2) The compact signed in March 2026 allows the Wyandotte Nation to introduce class III gaming and/or sports wagering in its casinos located in Kansas. At the time of this writing, however, they have not yet done so; and 3) Three previously approved but unfilled positions are included in the agency's 14 FTEs. These include two enforcement agent positions, one funded and one unfunded, and an unfunded special investigator position, which was formerly held by an employee who retired in late 2026. These positions could be filled if a) sports wagering is implemented in any or all of the tribal casinos and b) if the Wyandotte Nation introduces class III gaming and/or sports wagering in its casinos located in Kansas.

Expanded Lottery Act Regulation Program
The requested FY 2028 budget is based upon the following assumptions: 1) full year of operation for Boot Hill Casino; 2) full year of operation for Kansas Star Casino; 3) full year of operation for Hollywood Casino; 4) full year of operation for Kansas Crossing Casino; 5) full year of sports wagering operations. The FY 2028 budget request is consistent with the approved FY 2027 budget.

Greyhound Breeding Development Fund - 2601

K.S.A. 74-8831 established the Greyhound Breeding Development Fund and requires that all moneys credited to this fund be used only for the benefit of greyhounds. The statute directs moneys to be used as follows: 15% is credited to the greyhound tourism fund, 35% for research conducted within the state of Kansas relating to the prevention of injury to and disease of greyhounds; 50% for purse supplements, and an amount determined by the commission, but not to exceed \$30,000 is used to pay a portion of the administrative costs of the official registering agency.

K.S.A. 74-8822 states all monies from unclaimed winning ticket wagers on greyhounds be credited to this fund. K.S.A. 74-8767 directs 25% of the net gaming machine income from racetrack facilities deposited to the Live Greyhound Racing Purse Supplement Fund be transferred to this fund.

The remainder of the moneys in this fund at the end of FY 2013 were swept by the legislature at the beginning of FY 2014. This budget assumes that there will be no revenue to, or expenditures from this fund in FY 2027, or FY 2028.

Greyhound Promotion and Development Fund - 2561

K.S.A. 74-8842 creates the Greyhound Promotion and Development Fund and is funded through a voluntary greyhound purse check off program which provides for the deduction of 2% from all purses paid to kennels and greyhound owners who participate in the program. Greyhound owners and kennel operators are provided the opportunity annually not to participate in the program. Moneys deposited into the fund are distributed to the official greyhound registering agency and are to be used only for the development, promotion and representation of the greyhound industry in Kansas.

Language was included in the appropriations bill for the 2009 and 2010 legislative sessions that redirected the 15% transfer from the Greyhound Breeding Development Fund to the Greyhound Tourism Fund (in the Department of Commerce) to this fund.

The remainder of the moneys in this fund at the end of FY 2013 were swept by the legislature at the beginning of FY 2014. This budget assumes that there will be no revenue to, or expenditures from this fund in FY 2027, or FY 2028.

EXPANDED GAMING PROGRAM

Expanded Lottery Act Regulation Fund - 2535

The Kansas Expanded Lottery Act specifies that the cost of regulation is to be incurred by the lottery gaming facility managers. In 2007, the KRGK obtained a loan from the PMIB to finance expanded gaming regulation until the lottery gaming facility managers were selected and approved. During the 2008 legislative session, the amount of the loan from PMIB was increased to \$5,000,000 to cover KRGK operating costs for FY09 and FY10 and the term of the loan was extended through FY12. The balance of the loan was repaid in FY12.

Revenue projections for FY 2027 and FY 2028 include billings and payments from the currently operating casinos for the KRGK's direct and indirect costs associated with the operations of the Hollywood Casino, the Kansas Star Casino, the Boot Hill Casino, and the Kansas Crossing Casino. Payments are received in advance of expenditure on a quarterly billing cycle.

Education and Training Fund - 2459

The KRGC Education and Training Fee Fund is established by appropriations act and its purpose is to allow the KRGC to receive and expend funds for training opportunities that could be offered to others outside of the KRGC. This fund is not budgeted and is used only as training opportunities arise. In FY 2026 and FY 2027, time permitting, we plan to seek out training opportunities for in-house staff and to invite employees from other agencies to help offset our training costs.

Illegal Gaming Enforcement Fund - 2734

The KRGC became the primary coordinator for state-level illegal gambling complaints after the passage of the Expanded Lottery Act, but no funds were appropriated for its activities. The Illegal Gaming Enforcement Fund was established during the 2011 legislative session and initial funding of \$5,000 was provided via a transfer from the state racing fund. A proviso was included that would allow KRGC the ability to retain funds seized as part of illegal gaming enforcement operations. For this budget submission we would again request that the proviso included for the FY15 appropriations act be retained for the FY2026, and FY 2027 appropriations.

(1) A proviso that would allow KRGC the ability to retain funds seized as part of illegal gaming enforcement operations and deposited into the fund to be used for illegal gaming enforcement activities.

(2) A proviso that would allow the KRGC to receive moneys from state or federal seizures or awards related to illegal gaming enforcement activities of the agency.

(3) The fund is a no-limit fund so that monies may be used in a timely manner for enforcement activities.

PARIMUTUEL GAMING PROGRAM *Subprogram Racing Regulation*

Purpose:

The commission's primary purpose is to regulate the pari-mutuel industry through enforcement of the Kansas parimutuel racing act, K.S.A. 74-8801, et seq., and rules and regulations adopted by the commission. The commission also collects pari-mutuel taxes and promotes the pari-mutuel industry through the Kansas-bred development funds for horses and greyhounds and the horse fair racing benefit fund.

Required By Statute: Yes.

Maintenance of Effort or Matching Requirement: None.

Statutory Requirements: K.S.A. 74-8801 through 74-8842.

Consequences of Not Funding:

Without this program there would be no regulatory oversight of pari-mutuel ownership and operations in Kansas including historical horse racing machines. Additionally, there would be no mechanism to protect the citizens of Kansas from the criminal element associated pari-mutuel activity or ensure integrity of pari-mutuel activity in Kansas. Currently, there are breeders of horses and greyhounds who continue to register their animals as Kansas bred. Not funding this program would result in their being no mechanism for these breeders to be able to register their animals as Kansas bred. The distinction can be important within the industry and not having this mechanism may have a negative impact on some breeders. Not funding this program would result in the loss of historical documents prior to their approved destruction.

PROGRAM'S STATUTORY HISTORY:

K.S.A. 74-8804 (a) through (q) require the commission to observe and inspect all racetrack facilities; administer oaths and take depositions; examine any books, paper records or memoranda of any licensee, racetrack or business involved in simulcasting races to racetrack facilities in Kansas; issue subpoenas; allocate race meeting dates, racing days, and hours to all organization licensees; authority to exclude, or cause to be expelled from any race meeting or racetrack facility or to prohibit a licensee from conducting business with any person who has violated the provision of this act or any rule and regulation or order of the commission, been convicted of a violation of the racing or gambling laws or has been adjudicated of committing as a juvenile an act which if committed by an adult, would constitute such a violation, whose person reflects adversely on the honesty and integrity of horse or greyhound racing or interferes with the conduct of a race meeting; review and approve all proposed construction and major renovations to racetrack facilities; review and approve all proposed contracts with racetracks or businesses involved in simulcasting races to racetrack facilities in Kansas; suspend a horse or greyhound from participation in races; impose a civil fine; adopt rules and regulations and require fingerprinting and background information of all persons for employment, license or simulcasting license.

PROGRAM GOAL

To maintain the integrity of pari-mutuel wagering systems and to protect the public and the health, safety and welfare of the racing animal. Ensure the integrity of pari-mutuel activity associated with historical horse racing machines.

TRIBAL GAMING PROGRAM

The Tribal Gaming Program fulfills the duties and obligations of the state as set forth in the tribal-state gaming compacts and the Tribal Gaming Oversight Act. There are four Native American tribes in Kansas which have approved tribal-state gaming compacts which have been approved by the Kansas legislature, signed by the Governor, and approved by the Bureau of Indian Affairs. These four nations are: the Iowa Tribe of Kansas and Nebraska; the Kickapoo Tribe of Kansas; the Prairie Band Potawatomi Nation; and the Sac & Fox Nation of Missouri in Kansas and Nebraska.

PROGRAM'S STATUTORY HISTORY:

K.S.A. 74-9801 through 74-9809 (a) mandate the agency shall be responsible for oversight, monitoring and compliance of class III gaming conducted pursuant to tribal-state compacts. It is the responsibility of the agency to monitor compliance with tribal-state gaming compacts and perform the duties of the state gaming agency as provided for in the tribal-state gaming compacts. The agency may examine and inspect all tribal gaming facilities and facilities linked to Kansas tribal gaming facilities for gaming, including but not limited to all machines and equipment used for tribal gaming, books, papers, records, electronic records, computer records or surveillance and security tapes and logs of any tribal gaming facility. The executive director may issue subpoenas. The agency can review all licensing and disciplinary actions and reports of noncompliance with the tribal-state compacts. Enforcement agents are vested with the power and authority of law enforcement officers.

PROGRAM GOAL

Ensure compliance with the four tribal-state compacts and the Tribal Gaming Oversight Act and that gaming is conducted in accordance with said compacts and applicable state and federal laws; protect the state of Kansas and its citizens from criminal activity in the tribal gaming arena; ensure accurate and complete information is provided to the different tribal gaming commissions for licensing purposes and to review all licensing decisions to ensure compliance; to conduct thorough background investigations on all gaming employees, management contractors, manufacturers and distributors of gaming devices seeking licensure at gaming facilities located in this state; investigate any alleged violations of the tribal-state compacts and the Tribal Gaming Oversight Act.

OBJECTIVES:

Prohibit undesirable employees, contractors, manufacturers, and distributors from obtaining licenses and/or access to casino facilities and activities.

Ensure the provisions of the tribal-state gaming compacts, the Tribal Gaming Oversight Act, and the Indian Gaming Regulatory Act are met.

EXPANDED LOTTERY ACT REGULATION PROGRAM (GAMING)

The KRGC provides regulatory oversight of lottery and racetrack gaming facility managers and their operations in Kansas. Currently, no racetrack gaming facility managers are licensed in Kansas.

PROGRAM'S STATUTORY HISTORY:

Under KELA, the State of Kansas is authorized to contract with entities to operate casino-style games owned by the Kansas Lottery Commission. KELA established four gaming zones where lottery gaming facilities could be located and exclusively operated. Additionally, KELA provided that the Kansas Lottery Commission was authorized to contract with racetrack gaming facility managers in three of the four gaming zones to operate slots machines at pari-mutuel facilities.

K.S.A. 74-8772 requires the KRGC to establish and enforce rules and regulations that include but are not limited to: 1) promoting the integrity of gaming and the finances of gaming activity in Kansas that meet or exceed industry standards for monitoring and controlling lottery and racetrack gaming facility managers; 2) prescribing the on-site security at lottery and racetrack gaming facility enterprises in Kansas; 3) reporting of information concerning lottery and racetrack facility managers, their employees, vendors and vendor finances necessary or desirable to ensure the security of lottery or racetrack gaming facility operations; and 4) reporting and auditing of the financial information of lottery or racetrack gaming facility managers, and other information the KRGC requires to determine compliance with KELA and KRGC rules and regulations. KRGC rules and regulations shall include but not be limited to oversight provisions related to: 1) internal controls; 2) security of facilities; 3) performance of background investigations; 4) determination of qualifications and credentialing of employees, contractors and agents of lottery or racetrack gaming facility managers, ancillary lottery gaming facility operations and racetrack gaming facilities; 5) auditing of lottery gaming facility revenue and racetrack gaming facility slot machine income; 6) enforcement of all state laws; and 7) maintaining of the integrity of lottery and racetrack gaming facility operations.

K.S.A. 74-8769 requires that each person subject to a background check under KELA shall be subject to a state and national criminal history records check that conforms to federal standards for the purpose of verifying an applicant's identity and determining whether the applicant has been convicted of any crime that would disqualify the applicant from engaging in activities at lottery or racetrack gaming facilities or ancillary lottery gaming facilities.

K.S.A. 74-8710(a)(13)(B) states that the Kansas Lottery Commission must issue rules and regulations to enforce management contract provisions that require lottery and racetrack gaming facility managers to provide a program to alleviate problem gambling including a requirement that each lottery and racetrack gaming facility maintain a self-exclusion list by which individuals may exclude themselves from access to slots machines and other lottery facility games. Under K.S.A. 74-8772, the KRGC issues rules and regulations to provide regulatory oversight of these management contract provisions that include responsible gambling and voluntary exclusion programs.

K.S.A. 74-8750(c) requires the KRGC to collect from any manufacturer, supplier, provider, lottery gaming facility manager, racetrack gaming facility manager or other person the anticipated actual costs in advance for the examination and certification of electronic gaming machines or lottery facility games. KRGC will reimburse any overpayment and collect any under payment from the appropriate vendor.

EXPANDED LOTTERY ACT REGULATION PROGRAM (GAMING)

Subprogram Responsible Gaming

Purpose:

Facilitate responsible gaming in the State of Kansas by administering the voluntary exclusion program.

Required By Statute: Yes.

Maintenance of Effort or Matching Requirement: None.

Statutory Requirements: K.S.A. 74-8733 through 74-8773.

Consequences of Not Funding: There would be no voluntary exclusion program for problem gamblers to sign up for and there would no longer be a state-wide mechanism to prevent problem gamblers from legally entering a State-owned casino.

PROGRAM GOAL - RESPONSIBLE GAMBLING

Promote responsible gambling in the state of Kansas.

Objectives

Administer the Voluntary Exclusion Program (VEP).

Audit and approve each lottery gaming facility's responsible gambling plan for KRGC regulatory compliance.

Ensure all lottery gaming facility advertising satisfies KRGC regulations.

OUTCOME MEASURE:

Prior Year - FY 2026										
The majority of contractual expenditures for FY 2026 are for the regulation of the four lottery gaming facilities currently operating. Expenses for central administration primarily consist of rent and monument charge (\$190,000), and database fees related to background investigations (\$180,000).										
Current Year - FY 2027										
FY 2027 contractual services include expenditures for ongoing operations associated with the regulation of the Boot Hill Casino in Dodge City, the Hollywood Casino in Wyandotte county, the Kansas Star Casino near Mulvane, The Kansas Crossing Casino in Pittsburg, and regulatory costs related to the expansion of sports wagering. Travel and subsistence is for performing internal control audits at gaming facilities; voluntary exclusion program audits; electronic gaming equipment and security audits; background investigations of casino employees; agent and employee training; travel for the Commission; fees and professional services largely consisting of database access fees (i.e. KRB database) related to background checks for gaming facility employees. The majority of rental cost is Topeka office space and monument charge in the Eisenhower State Office Building. Costs from the Gaming Background Investigations fund are related to background checks of vendors who are providing goods and services to the gaming facilities. Contractual expenditures for the expanded lottery regulation program here consistent with the approved FY2027 budget.										
NOTE: The KRGC requests to continue the Hospitality Fund in the amount of \$1,500.										
Enhancement - FY 2027										
There are no contractual service enhancements for the Kansas Racing and Gaming Commission in the budget year.
